edward gibbon s monumental work the history of the decline and fall of the roman empire spans six volumes meticulously chronicling the complexities of rome s gradual disintegration from the height of its power to the multifaceted factors contributing to its decline written in a lucid and elegant prose style characteristic of the 18th century gibbon employs a rich narrative interwoven with philosophical insight rigorous analysis and a keen awareness of historical context his exploration delves into the interplay of political military and cultural shifts presenting a comprehensive perspective not only on rome but also on the broader themes of governance and civilization gibbon an english historian and member of parliament was profoundly influenced by the enlightenment ideals of reason and skepticism towards traditional authority his personal experiences combined with his extensive reading of classical literature and contemporary historiography equipped him with a unique lens through which to examine roman history his reflections on decay and renewal resonate profoundly with a rapidly changing 18th century europe which was grappling with its own historical transformations this work is an essential read for anyone interested in the intricacies of history and the profound influences of past civilizations on modern society gibbon s analysis not only illuminates the reasons behind rome s downfall but also serves as a cautionary tale about the fragility of empires its timeless relevance and scholarly rigor make it a pivotal addition to any historical library in this enriched edition we have carefully created added value for your reading experience a succinct introduction situates the work s timeless appeal and themes the synopsis outlines the central plot highlighting key developments without spoiling critical twists a detailed historical context immerses you in the era s events and influences that shaped the writing an author biography reveals milestones in the author s life illuminating the personal insights behind the text a thorough analysis dissects symbols motifs and character arcs to unearth underlying meanings reflection questions prompt you to engage personally with the work s messages connecting them to modern life hand picked memorable quotes shine a spotlight on moments of literary brilliance interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

he contrasts the commonly held perception that the pace of technology is accelerating with the historical record he highlights the people and the organizations which are responsible for america s technological largesse the book follows the money to uncover the underlying trends the beginning of a decline in technology development is detected using indirect indicators for clues impacts on the formation of companies employment and productivity provide sobering reasons to enlighten others and demand

a change in course after considering the possibilities the book proposes several constructive actions which avoid the proverbial tendency to throw more money at the problem the goal of the book is to provoke discussion and promote action where appropriate americans standard of living is at stake tech savvy readers will want to understand this issue so as to influence others long range thinkers will want to factor these considerations into their prognostications the titans of the technology based companies can develop new and improved strategies based on the findings of this book and our elected officials may want to act before a catastrophic disaster confronts the nation this book will strike a chord with everyone who is interested in america s future economic health specific audience groups include scientists engineers entrepreneurs employees in technology based companies government and corporate policymakers deciding the future of research and development r d programs government workers involved in the execution of government r d programs and those thinking about a career in r d it is complementary to such works as politics and economics in america the way we came to be by richard e carmichael krieger publishing company 1998 which explores political and economic history in order to explain the emergence of the united states world economic dominance carmichael s book makes recommendations on how government could assist america s businesses in maintaining our economic leadership but it does not address any aspects of technology development and associated issues closing the innovation gap by judy estrin mcgraw hill 2009 provides business leaders with concepts for leading their organizations so as to close the innovation gap with competitors it focuses on the innovation environment within the organization whereas dr gref addresses the complete technology development cycle its financing america s rise to global dominance and the specter of a national decline

embark on a journey through time with the history of empires rise and fall of great powers a comprehensive exploration of the world s most influential empires from the ancient civilizations of mesopotamia and egypt to the sprawling dominions of rome and byzantium and onto the more recent british and french colonial empires this book delves into the origins zeniths and eventual declines of history s most powerful realms each chapter examines the unique political economic cultural and military aspects that contributed to the rise and fall of these great powers rich with detailed case studies and insightful analysis this book offers invaluable lessons on the cyclical nature of empires their lasting legacies and their profound impact on the modern world perfect for history enthusiasts scholars and anyone interested in the grand narratives of human civilization this book provides a deeper understanding of the forces that have shaped our world

sweden is well known for the success of its welfare state many believe that success was made possible in part by the country s ethnic homogeneity and that the increased diversity of sweden s population is putting its welfare state at risk few however have

suggested convincing mechanisms for explaining the precise relationship between relative ethnic homogeneity heterogeneity and the welfare state in this book carly elizabeth schall acknowledges the important role of ethnic homogeneity in sweden s thriving welfare state but she argues that it mattered primarily because political elites especially social democrats made it matter schall shows that diversity and the welfare state are related but that diversity does not undermine the welfare state in a straightforward way tracing the development of the swedish welfare state from the late 1920s until the present day she focuses on five historical periods of crisis she argues that the story of swedish national identity is a story of elite driven hegemony building and that the linking of social democracy and national identity colored the integration of immigrants in important ways social democracy could have withstood the challenge posed by immigration but the faltering of social democratic hegemony opened a door for anti immigrant sentiment in her deft analysis of the relationship between immigration and the welfare state in sweden schall makes a compelling argument that has relevance for immigration policy in the united states and elsewhere

reproduction of the original the publishing house megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision

most public debate on reunited germany has emphasized economic issues such as the collapse of east german industry mass unemployment career difficulties and differences in wages and living standards the overwhelming difficulty resulting from reunification however is not persisting economic differences but the internal cultural divide between east and west germans one based upon different moral values in the two germanies the invisible wall that has replaced the previous highly visible territorial division of the german nation is rooted in issues of the past the nazi past as well as the german democratic republic past in emphasizing economic differences the media and academics have avoided dealing with typically german cultural traits these include the psychological posture of west germany which emphasized not differences between east and west but the break with germany s nazi past the adversarial posture of certain professional groups in east germany towards the liberal and democratic values of west germany have also been an obstacle reviewing the problems accompanying reunification chapter 1 explores german culture and history and the moral lessons evolved from the nazi past chapter 2 focuses on the east west mindset and how differences in attitude affect efforts to adapt to reunification chapter 3 discusses the simulated break with nazi germany in the german democratic republic chapters 4 5 and 6 analyze the roots of the adversary posture of the professional groups in east

germany towards the values of the berlin republic chapter 7 demonstrates the strong presence of inherited typically german cultural traits among east germans such as a lack of individualism suspicion of strangers and obedience to authority chapter 8 documents the extent to which a right wing extremist culture has remained latent in eastern germany chapter 9 documents the extent to which moral reasoning in the gdr relieves the individual of any kind of responsibility for the actions of the state reproducing the way ordinary germans rationalized their participation in the nazi regime immediately after world war ii chapter 10 concludes with an overview of the historical and sociological factors revolving around the discussion of nazi germany the gdr and inner unification this volume will be important for historians political scientists anthropologists sociologists and a general public interested in germany s reunification

the book studies the trends that led to the worst financial crisis since the great depression as well as the unfolding of the crisis in order to provide policy recommendations to improve financial stability the book starts with changes in monetary policy and income distribution from the 1970s these changes profoundly modified the foundations of economic growth in the us by destroying the commitment banking model and by decreasing the earning power of households whose consumption has been at the core of the growth process the main themes of the book are the changes in the financial structure and income distribution the collapse of the ponzi process in 2007 and actual and prospective policy responses the objective is to show that minsky s approach can be used to understand the making and unfolding of the crisis and to draw some policy implications to improve financial stability

a new york times bestselling comical take on world history from the beloved new yorker humorist so you think you know most of what there is to know about people like nero and cleopatra alexander the great and attila the hun lady godiva and miles standish you say there s nothing more to be written about lucrezia borgia how wrong you are for in these pages you ll find will cuppy footloose in the footnotes of history he transforms these luminaries into human beings not as we knew them from history books but as we would have known them cuppy wise foolish fallible and very much our common ancestors when it was first published in 1950 the decline and fall of practically everybody spent four months on the new york times bestseller list and edward r murrow devoted more than two thirds of one of his nightly cbs programs to a reading from cuppy s historical sketches calling it the history book of the year the book eventually went through eighteen hardcover printings and ten foreign editions proof of its impeccable accuracy and deadly imperishable humor

in the rise and fall of peace on earth michael mandelbaum examines the peaceful quarter century after the end of the cold war

he describes how the period came about and why it ended arguing that individual countries overturned peaceful political and military arrangements in europe asia and the middle east thereby affecting the rest of the world he also probes prospects for the revival of peace in the future and stresses the importance of democracy and civil liberties across borders

harvey c mansfield traces the birth of modern political philosophy to machiavelli s brief on behalf of rational control of human affairs which became the basis of liberalism but rousseau kant marx and hegel all issued challenges and finally nietzsche doubted reason entirely mansfield asks how we can extract ourselves from nietzsche s trap
