the description definitive is too easily used but donald rayfield's biography of chekhov merits it unhesitatingly to quote no less an authority than michael frayn with question the definitive biography of chekhov and likely to remain so for a very long time to come donald rayfield starts with the huge advantage of much new material that was prudishly suppressed under the soviet regime or tactfully ignored by scholars but his mastery of all the evidence both old and new a massive archive is magisterial his background knowledge of the period is huge his russia is sensitive to every colloquial nuance of the day and his tone is sure he captures a likeness of the notoriously elusive chekhov which at last begins to seem recognisably human and even more extraordinary chekhov's life was short he was only forty four when he died and dogged with ill health but his plays and short stories assure him of his place in the literary pantheon here is a biography that does him full justice in short unapologetically to repeat that word definitive i don't remember any monograph by a western scholar on a russia author having such success nikita mikhalkov said that before this book came out we didn't know chekhov the author doesn't invent add or embellish anything rayfield is motivated by the westerner's urge not to hold information back however grim it may be anatoli smelianski director of moscow arts theatre school it is hard to imagine another book about chekhov after this one by donald rayfield arthur miller sunday times donald rayfield's exemplary biography draws on a daunting array of material inaccessible or ignored by his predecessors nikolai tolstoy the literary review donald rayfield chekhov's best and definitive biographer william boyd guardian

seven years after the death of anton chekhov his sister maria wrote to a friend you asked for someone who could write a biography of my deceased brother if you recall i recommended ivan bunin no one writes better than he he knew and understood my deceased brother very well he can go about the endeavor objectively i repeat i would very much like this biography to correspond to reality and that it be written by i a bunin in about chekhov ivan bunin sought to free the writer from limiting political social and aesthetic assessments of his life and work and to present both in a more genuine insightful and personal way editor and translator thomas gaiton marullo subtitles about chekhov the unfinished symphony because although bunin did not complete the work before his death in 1953 he nonetheless fashioned his memoir as a moving orchestral work on the writer's existence and art even in its unfinished state about chekhov stands not only as a stirring testament of one writer's respect and affection for another but also as a living memorial to two highly creative artists bunin draws on his intimate knowledge of chekhov to depict the writer at work in love and in relation with such writers as tolstoy and gorky through anecdotes and observations spirited exchanges and reflections this memoir draws a unique portrait that plumbs the depths and complexities of two of russia's greatest writers
