in how to talk to a borderline joan lachkar introduces borderline personality disorder bpd and outlines the challenges and difficulties it presents to clinicians she expands current understanding of bpd by outlining eight different kinds of borderline personality disorders and how each of these requires specific communication techniques and methods case examples are offered throughout the text and in some cases describe the kinds of partners borderlines attract this book offers new approaches to communicating working with and treating borderline personality disorders while integrating more contemporary treatment methods

bringing to light new developments in the treatment of marital conflict this second edition of how to talk to a narcissist addresses the ever changing faces and phases of narcissism within the context of marital therapy this is a practical guide that focuses on specific communication styles in addressing patients with severe narcissistic personality pathology as well as those with borderline personality disorder the book starts with an overview of the different kinds of narcissists and borderlines dr lachkar analyzes these high conflict personality disorders from a clinical psychodynamic and psychoanalytic perspective and delves into the various defenses that a narcissist or borderline might use updated treatment approaches and techniques are included along with an examination of the historical and theoretical perspectives that ground these approaches also included are detailed case illustrations this book is useful for both beginning and

seasoned practitioners and is recommended for all clinicians treating individuals couples and groups within the scope of various narcissistic personality disorders

the field of phenomenological psychopathology pp is concerned with exploring and describing the individual experience of those suffering from mental disorders the oxford handbook of phenomenological psychopathology is the first ever comprehensive review of the field

vague expressions are omnipresent in natural language as such their use in legal texts is virtually inevitable if a law contains vague terms the question whether it applies to a particular case often lacks a clear answer one of the fundamental pillars of the rule of law is legal certainty the determinacy of the law enables people to use it as a guide and places judges in the position to decide impartially vagueness poses a threat to these ideals in borderline cases the law seems to be indeterminate and thus incapable of serving its core rule of law value in the philosophy of language vagueness has become one of the hottest topics of the last two decades linguists and philosophers have investigated what distinguishes soritical vagueness from other kinds of linguistic indeterminacy such as ambiguity generality open texture and family resemblance concepts there is a vast literature that discusses the logical semantic pragmatic and epistemic aspects of these phenomena legal theory has hitherto paid little attention to the differences between the various kinds of linguistic indeterminacy that are grouped under the heading of vagueness let alone to the various theories that try to account for these phenomena bringing together leading scholars working on the topic of vagueness in philosophy and in law this book fosters a dialogue between philosophers and legal scholars by examining how philosophers conceive vagueness in law from their theoretical perspective and how legal theorists make use of philosophical theories of vagueness the chapters of the book are organized into three parts the first part addresses the import of different theories of vagueness for the law referring to a wide range of theories from supervenientist to contextualist and semantic realist accounts in order to address the question of whether the law can learn from engaging with philosophical discussions of vagueness the second part of the book examines different vagueness phenomena the contributions in part 2 suggest that the greater awareness to different vagueness phenomena can make lawyers aware of specific issues and solutions so far overlooked the third part deals with the pragmatic aspects of vagueness in law providing answers to the question of how to deal with vagueness in law and with the professional political moral and ethical issues such vagueness gives rise to

as practical and insightful as its predecessor the second edition of this acclaimed text gives students of cognitive and cognitive behavioral therapy a solid grounding in principles while modeling an integrative approach to the problems they will encounter most the same quartet of knowledgeable clinicians who authored the original have updated and restructured their work to take readers through the best of contemporary cognitive practice from intake interview and case conceptualization to the crucial final meetings their goal is to offer empirically valid interventions that truly address the complex problems of today s clients and this straightforward volume presents these strategies with maximum utility for trainee and clinician alike clinical vignettes and verbatim transcripts illustrating interventions in action guidelines for assessing clients throughout the course of therapy effective ways to strengthen the therapeutic relationship equal coverage on treatment of axis i and personality disorders new chapters on treatment of children adolescents couples and groups techniques for getting past roadblocks dealing with non compliance and

avoiding relapses uncovering new clinical possibilities debunking common misconceptions and encouraging readers to sharpen their skills the authors show why decades after its inception cognitive therapy continues to get results the second edition of clinical applications of cognitive therapy is an invaluable source of knowledge for researchers and advanced students of behavior therapy clinical and counseling psychology psychiatry and psychiatric social work and for clinicians at all levels of practice

this book is dedicated to all those people who struggle with childhood abuse and betrayal and who continue to strive for autonomy the book was written for health professionals people diagnosed with a borderline personality disorder and for anyone who lives with or cares for someone with borderline personality disorder it was written to enlighten health professionals and the general public to the lived experience of borderline personality disorder it is a reminder of the incredible strength and persistence people can muster in their struggle to survive it was also written to emphasise the need for greater empathy and sensitivity for people who have survived childhood abuse and betrayal

you get a free copy of this book when you buy a paperback this book will make you cry no book will appeal to your emotion and captures what bpd person goes through daily as this book does who is this book for if you are having an identity crisis even though you know you shouldn't then this book is for you if everyone around you seems to live a normal life while yours seems totally messed up i tell you my friend you could not get a better book that understands you as this book does if you have a loved one whose actions and reactions seem to frustrate you then read this book to understand what really goes on in the head of a bpd person also recommend this book to anyone who questions how you react to actions and find it difficult to realize that you are a victim yourself the book if you are a bpd person and have ever felt alone like the only person who suffers from a crisis of not knowing who they are wondering why you feel so empty so nerdy insecure and undesirable this book explains what can happen in the life of a person with borderline personality disorder in every typical day of their life using real life experiences the experiences will tell you how some bpd persons react when they believe they are about to be dumped and abandoned and what they do about it it will also show how some other bpd persons feel when they feel empty in their inner core you will also learn the three emotions a bpd person has to deal with daily as they attempt to manage the impulsive and non impulsive actions a bpd person who reads this book will quickly identify from the beginning of the book that his or her feelings have been finally captured correctly by someone emphatic enough to try and understand what goes on in the head of a person with a borderline personality disorder he should be able to understand some aspects of him told from the perspective of a bpd person so it does not matter if you are a man woman working or a stay at home you will find aspects of yourself that relates to you as you go through this book disclaimer the experiences detailed in this article are congruent with my personal real life experiences however they are not reflective of certain people within my life either currently or in the past this story is meant to be purely anecdotal and to portray the average daily experience of someone struggling with borderline personality disorder

an intimate compassionate and expansive portrait of borderline personality disorder that rejects the conventional wisdom that this condition is untreatable told by a psychologist who specializes in bpd mental illness is heavily stigmatized within our society and within this already

marginalized group folks with bpd are deemed especially untreatable and hopeless when as a graduate student alex kriss first began working as a therapist in the field his supervisors warned him that borderline patients were manipulative difficult and had a tendency to drop out of treatment yet years later when kriss was establishing his private practice and a borderline patient known as ana came to his office he felt compelled to try to help her despite all of the warnings he'd heard borderline is the story of his work with ana how his successes with her led him to open his doors to other bpd patients and advocate for them borderline is also the story of the disorder itself kriss traces accounts of the condition going back to antiquity showing how this disease has been known by many names over the millennia most of them gendered possession hysteria witchcraft moral insanity all referred to a person usually a woman whose behavior and personality were seen as fractured unstable unpredictable and uncontrollable kriss guides us through this history up through the emergence of psychotherapy the development of the modern diagnosis and attitudes toward treatment today

in living with a borderline personality disorder bpd the author offers a glimpse into the life of someone with bpd the life of someone with bpd is not very different from anyone else's life the main difference is the extremities of feelings and experiences this book has been an important step in the author's healing process and will hopefully help others deal with bpd ana prieto lestegas was born in spain where she lived for four years after her studies in psychology at the university of amsterdam she worked as a market researcher after many years of various addictions depression and mood swings she was diagnosed with bpd today she has managed to reclaim her own life

families and their children with bpd will find this book a very useful guide as they struggle together toward a more fully realized life mary c zanarini ed d director laboratory for the study of adult development mclean hospital and professor of psychology harvard medical school a must have book for every parent with a borderline child randi kreger coauthor of stop walking on eggshells taking your life back when someone you care about has borderline personality disorder borderline personality disorder in adolescents is a long overdue book that eloquently and expertly addresses the wide ranging issues surrounding borderline personality disorder in adolescents this compassionate book is a must for parents with children suffering from borderline personality disorder as well as clinicians educators pediatricians and clergy trying to understand and help adolescents with this serious chronic disorder perry d hoffman ph d president national education alliance for borderline personality disorder borderline personality disorder in adolescents offers parents caregivers and adolescents themselves a complete understanding of this complex and tough to treat disorder this comprehensive guide thoroughly explains what bpd is and what a patient's treatment options are including the revolutionary new treatment called dialectic behavior therapy author blaise a aguirre m d one of the foremost experts in the field describes recent advances in treatments and brings into focus what we do and don't know about this condition readers will learn the differences between bpd and other adolescent psychiatric diagnoses treatment options e g medication and therapy how to choose the right therapist how to determine when inpatient treatment is necessary how to enforce boundaries how to take care of and protect yourself and practical techniques for effective communication with those who have bpd

emotional regulation is a characteristic absent in a borderline's cognitive operation stability isn't

a known function or concept explosive reactive impulsive depressive insecurity masked as narcissism comes in waves crashing every few seconds the outside world seemingly astonished by the sheer self destructive derangement manifested as a result of abandonment times described as traumatic and overwhelming dramaticism living like this is painful constantly dishevelled by the consequences of our own actions that would not have been committed if our brain knew how to regulate emotions it s just a constant cycle of anxiety ridden compulsion and suicidal ideation battling the fact of knowing that healing is an almost impossible conclusion

i know that you love me because you still make love to me even after we have a fight she was right her sorrow and embarrassment at her outbursts were real and her attempts to control her anger so earnest that i knew she was trying for me for herself and for us i had to remind myself that i had known that she was intense to the extreme in her experience of life and that her struggle was my struggle we would share anger but we would also share love no one could ever love michelle enough not her family not her friends and certainly not the men and women she so easily attracted like moths to a flame but when a final year med student falls for her while she s recovering from a suicide attempt over her latest breakup they both may be in for more than they bargained for hoping to help cure her of her debilitating fears and explosive rage anthony marries michelle in a secret ceremony that alienates him from his family and ultimately from himself initially mesmerized by her seductive smile her surprising sensuality and the why behind her wildly unpredictable behavior the author comes to realize that he will have to sacrifice his career and more in order to be with her this achingly honest and true account of anthony and michelle s whirlwind year and a half together provides a window into the emotionally intense world of someone suffering from borderline personality disorder a condition seen in an estimated 2 percent of the general population and 10 percent of mental health outpatients it also offers the perspective of those most affected the sufferer s loved ones whom despite all the upheaval are still compelled to care so concludes the author i hope that my story will be seen more as a case study in such a relationship than as a cautionary tale

those raised by a bpd parent endured a volatile and painful childhood this book offers readers step by step guidance to understanding and overcoming the lasting effects of being raised by a person with this disorder readers discover coping strategies for dealing with low self esteem lack of trust guilt and hypersensitivity

i fight because it s not over it doesn t end here in this unique collection individuals of all ages and stages share their experiences with borderline personality disorder bpd within these pages you ll find an honest portrait of what it s like to live with bpd from the perspective of people with bpd and their loved ones spouses siblings and parents as well as mental health professionals by turns heartbreaking and inspiring this collection of real life stories personal essays and candid interviews explores what a borderline personality disorder diagnosis looks like from the inside also featuring an in depth overview of bpd and its common treatment methods this book is a necessary tool for expanding your self exploration and deepening your understanding of this confusing and often destructive disorder edited by mental health advocate tabetha martin and featuring a foreword by paula tusiani eng co author of the classic bpd memoir remnants of a life on paper this is not the end conversations on borderline personality disorder provides encouragement and support for all who are seeking to heal and recover from bpd

it is a book about a person who tells the story of his life living and dealing with bpd and other mental health conditions along with alcoholism as you read the journey of what he calls his life you ll be amazed that he survived

gentle counsel and realistic advice for families contending with one of today s most misunderstood forms of mental illness for family members of people with borderline personality disorder bpd home life is routinely unpredictable and frequently unbearable extreme mood swings impulsive behaviors unfair blaming and criticism and suicidal tendencies common conduct among those who suffer from the disorder leave family members feeling confused hurt and helpless in stop walking on eggshells randi kreger s pioneering first book which sold more than 340 000 copies she and co author paul t mason outlined the fundamental differences in the way that people with bpd relate to the world now with the essential family guide to borderline personality disorder kreger takes readers to the next level by offering them five straightforward tools to organize their thinking learn specific skills and focus on what they need to do to get off the emotional rollercoaster 1 take care of yourself 2 uncover what keeps you feeling stuck 3 communicate to be heard 4 set limits with love and 5 reinforce the right behaviors together the steps provide a clear cut system designed to help friends and family reduce stress improve their relationship with their borderline loved one improve their problem solving skills and minimize conflict and feel more self assured about setting limits
