ever since vladimir putin came to power his critics have been turning up dead according to amy knight one of the west's foremost scholars of the kgb this is no coincidence here she links together dozens of deaths exposing a far reaching campaign of killing that is even tied to the boston marathon bombing russia is no stranger to political murder from the tsars and the soviets through to the current regime during which many journalists activists and political opponents have been slain however convenient these deaths are for the russian president kremlin defenders assert that there is no evidence against him because he controls all the murder investigations putin will never be seen holding a smoking gun with new information about the most famous cases such as alexander litvinenko boris nemtsov and the salisbury poisoning victims knight assesses putin's role in these deaths and asks is there nothing we can do to stop him

a kgb scholar examines dozens of putin's victims to expose a campaign of political murder that even includes the boston marathon terror attack russia is no stranger to political murder from the tsars to the soviets to the putin regime during which many journalists activists and political opponents have been killed kremlin defenders insist there is no proof of these crimes since putin controls all investigations he is never seen holding a smoking gun but investigative journalist amy knight offers mountains of circumstantial evidence that point to kremlin involvement an eminent scholar of the kgb knight traces putin's journey from the federal security service fsb in the late 1990s through his rise to absolute power detailing the many bodies that paved the way she offers new information about the most famous victims such as alexander litvinenko the former fsb officer who was poisoned while living in london and the statesman boris nemtsov who was murdered outside the kremlin in 2015 she also sheds light on many others who are less well known in the west knight shows that terrorist attacks in russia as well as the boston marathon bombing in the us are part of the same campaign and she explores what these murders mean for putin for russia and for the west where american president donald trump has repeatedly defended him

a dazzling command of science and a relentless faith in people i never miss reading him naomi klein in these incendiary essays george monbiot tears apart the fictions of religious conservatives the claims of those who deny global warming and the lies of the governments and newspapers that led us into war he takes no prisoners exposing

government corruption in devastating detail while clashing with people as diverse as bob geldof ann widdecombe and david bellamy but alongside his investigative journalism monbiot s book contains some remarkable essays about what it means to be human monbiot explores the politics behind constable s the cornfield shows how driving cars has changed the way we think and argues that eternal death is a happier prospect than eternal life

in the kremlin s noose amy knight tells the riveting story of vladimir putin and the oligarch boris berezovsky who forged a relationship in the early years of the yeltsin era berezovsky later played a crucial role in putin s rise to the russian presidency in march 2000 when putin began dismantling boris yeltsin s democratic reforms berezovsky came into conflict with the new russian leader by reproaching him publicly their relationship quickly disintegrated into a bitter feud played out against the backdrop of billion dollar financial deals kremlin in fighting and international politics dubbed the godfather of the kremlin by the slain russian american journalist paul klebnikov berezovsky was a successful businessman and media mogul who had an outsized role in russia after 1991 worth a reported 3 billion by 1997 berezovsky engineered the reelection of yeltsin as president in 1996 and negotiated an end to the 1995 96 chechen war despite his own wealth power and influence once he became putin s enemy berezovsky was forced into exile in britain where he waged a determined campaign to topple putin kremlin authorities responded with bogus criminal charges and demanded berezovsky s extradition death threats soon followed in march 2013 after losing a british court battle with another russian oligarch berezovsky was found dead at his ex wife s mansion outside london whether he died from suicide or murder remains a mystery the kremlin s noose sheds crucial new light on the kremlin s volatile politics under yeltsin and putin helping us understand why democracy in russia failed so badly knight provides a fascinating narrative of putin s rise to power and his authoritarian rule told through the prism of his relationship with russia s once most powerful oligarch boris berezovsky

kanet discusses russia s return as a super power and examines the global implications

chapter 120 by various authors

following the liberation of iraq in 2003 why are iraqis still fighting to extinguish the fires that burn in iraq one must discover why it is ablaze what would move iraqi politicians to put out the fires and what would induce iraq s neighbors to quench the flames so what are the causes of violence in iraq first the occupation of iraq provided the initial spark and ongoing heat for the insurgencies second ethnic and religious strife prior discrimination by sunnis against shiites disputes over federalism de baathification policies differences

over a proposed national oil law and disputes about equitable distribution of oil and natural gas revenues contribute to iraqi instability third tehran s subversive sponsorship of militias is like oxygen fanning the flames of conflict in iraq this book will offer ideas on how to put out the fires

independent russia is approaching the start of its third decade of post soviet existence after the economic chaos of the boris yeltsin decade and the recovery and stabilization of the vladimir putin decade russia s leaders have high ambitions for a return to great power status in the years ahead their aspirations are tempered however by the realities of russia s social economic and military shortcomings and vulnerabilities laid painfully bare by the stress test of the recent global financial crisis looking ahead some also calculate that russia will be increasingly challenged in the far east by a rising china and in the middle east by an iran that aspires to regional hegemony as a result moscow is already seeking to strengthen russia s ties with europe and the united states the west is seen as crucial to russia s modernization as well as a hedge against what may develop to russia s east and south in coming decades this process of russia s anchoring itself more firmly in the west will proceed with lots of tactical hiccups and sporadic crises nevertheless it will bring consequences and opportunities for u s diplomacy and strategic development some of which the barack obama administration s policy of reset is already reaping but russia s policy toward the united states is conditional on a u s approach that engages russia in positive ways if that policy were to change it could push russia and china closer together on some issues in an effort to constrain the united states p 1

lawyer and meiklejohn civil liberties institute executive director ann fagan ginger has

created an accessible well organized reference work that identifies all the relevant facts in almost two hundred reports on thirty types of human rights violations describes executive orders and new laws that violate basic rights extensively quotes the us constitution and the un charter as well as other human rights and international law treaties the united states has ratified or signed and describes some successful efforts to combat the government s suppression of our basic liberties jacket

the bush administration spent years threatening iran for its alleged nuclear ambitions support for terrorism and ambitions in the middle east and war has often seemed only a step away how did relations between the us and iran come to be in this state are these dire claims even true is iran in fact a serious threat this primer provides an essential history and analysis of us iranian relations bennis s illuminating discussion responds to calls for aggression toward iran with alternative strategies for defusing the crisis this book is invaluable for anyone trying to prevent a new war in the middle east book jacket
