technology which has significantly changed western man's way of life over the past century exerted a powerful influence on american society during the third quarter of the nineteenth century in this study raymond h merritt focuses on the engineering profession in order to describe not only the vital role that engineers played in producing a technological society but also to note the changes they helped to bring about in american education industry professional status world perspectives urban existence and cultural values during the development period of 1850 1875 engineers erected bridges blasted tunnels designed machines improved rivers and harbors developed utilities necessary for urban life and helped to bind the continent together through new systems of transportation and communication as a concomitant to this technological development states merritt they introduced a new set of cultural values that were at once urban and cosmopolitan these cultural values tended to reflect the engineers experience of mobility so much a part of their lives and their commitment to efficiency standardization improved living conditions and a less burdensome life merritt concludes from his study that the rapid growth of the engineering profession was aided greatly by the introduction of new teaching methods which emphasized and encouraged the solution of immediate problems schools devoted exclusively to the education and training of engineers flourished schools such as rensselaer polytechnic institute and stevens institute of technology moreover business corporations and governments sought the services of the engineers to meet the new technological demands of the day in response they devised methods and materials that went beyond traditional techniques their specialized experiences in planning constructing and supervising the early operation of these facilities brought them into positions of authority in the new business concerns since they often were the only qualified men available for the executive positions of authority for the executive positions of america's earliest large corporations these positions of authority further extended their influence in american

society engineers took a positive view of administration developed systems of cost accounting worked out job descriptions defined levels of responsibility and played a major role in industrial consolidation despite their close association with secular materialism merritt notes that many engineers expressed the hope that human peace and happiness would result from technical innovation and that they themselves could devote their technological knowledge executive experience and newly acquired status to solve some of the critical problems of communal life having begun merely as had become the planners and in many cases municipal enterprises which they hoped would turn a land of farms and cities into a social eden

this volume offers a critical examination of american society in the early 20th century with a focus on social problems and their underlying causes topics covered include poverty inequality education and crime among others written by a leading social reformer of his time it remains a relevant and thought provoking work today this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

provides the key source materialshistorical and legalfor understanding the relationship of church and state the controversies surrounding aid to parochial schools blue laws school prayer and birth control programs have been central to the ongoing search for the proper boundary between religious and political authority in america this concise volume features chronologically organized selections from such official documents as colonial charters court opinions and legislation along with incisive twentieth century interpretations of the issues they treat historical figures as diverse as john f kennedy perry miller reinhold niebhur and paul blanshard together with contemporary ones illuminate the interrelationships between the legal political and religious structures of american society we encounter controversies every day that concern school vouchers prayer in schools and stadiums religious symbols in public spaces and tax support for faith based social initiatives as well as arguments among advocates of pro choice and pro life positions these and other issues are at the center of an ongoing search for a means to delineate the interactions among religious and political

authorities initially in the united states but increasingly in the rest of the world as well this concise volume presents chronologically organized chapters that include selections from documents like colonial charters opinions of the supreme court and salient legislation along with contemporary commentary and incisive interpretations of the issues by modern scholars figures as divergent as john winthrop john f kennedy and sandra day oconnor speak from these pages as directly as paul blanshard reinhold niebuhr john courtney murray and robert bellah church and state in american history addresses the difficult relationships among the political and religious structures of our society and the emergence of an american solution to the church state problem

this up to date fourth edition of the most important and interesting data on a day by day basis throughout american history includes more than 1 400 new entries with information on a wide variety of subjects both the important matters supreme court decisions war events scientific breakthroughs etc and the lesser known but thought provoking incidents and phenomena societal changes unexpected events that add richness and depth to american history
