this accessible text presents a comparative analysis of health and social care policy and practice from around the world with learning points drawn out for the uk it supports readers to improve practice by reflecting on differences and similarities in the policies of other oecd countries divided into two parts the book opens with a focus on core concepts in health and social care policy and practice such as service user involvement the promotion of wellbeing health inequalities funding and integrated care the differing philosophical socio political and historical perspectives that underpin these key areas in different countries are explored in order to develop a greater understanding of the uk system the second part of the book takes a close look at a range of specific contemporary issues such as end of life care long term conditions homelessness refugee and migrant health disability domestic abuse substance use and women in prison these in depth case study chapters enable readers to identify

best practices and challenges in relation to specific areas of health and social care policy and practice ideal for undergraduate students studying health and social care policy from a range of disciplinary backgrounds this practical text provides a deeper understanding of complex health and social care issues and supports the development of a global and comparative skill set

public administration plays an integral role at every stage of social policy creation and execution program operators management decisions shape policymakers perceptions of what can and should be accomplished through social programs while public administrators wield considerable power to mobilize tangible and intangible resources and fill gaps in policy designs furthermore the cumulative effects of public administrators daily activities directly influence outcomes for program participants and may shift policy itself location also matters to social policy as those same administrators are expected to innovate continuously in response to shifting local and national conditions including changes in budgetary allocations client needs and capacities and public attitudes this handbook will aim to capture what is being learned across six geographical regions africa asia australasia europe latin america and the u s and canada specifically each regional section will contain 6 10 chapters canvassing a particular set of promising practices or emerging challenges at the regional or sub regional level in addition to a brief overview written by the section editor the regional sections will be flanked by integrative chapters as a whole the volume contains 65 chapters

as the world continues to grapple with a range of practical development challenges that are directly linked to livelihood concerns about human well being and declining living standards often overlooked is the human right to development which remains largely unfulfilled in the face of successive global initiatives seeking to remedy these challenges it has become urgent to ask what the universal recognition of the right to development implies if it cannot be translated into improved well being for impoverished peoples around the world the contributors in this timely volume argue that setbacks to development are deeply rooted in the failure to implement the right to development which by nature guarantees equality of opportunities and equitable redistribution of the resources that contribute to better living standards assessing policy and practical measures or the lack thereof they offer practical suggestions for implementation that will make the right to development a reality for everyone

the essential guide to the aaup s best practices and policies for higher education now in its centennial edition for the past century the american association of university professors aaup has developed standards for sound academic practice while working for the acceptance of these standards by the higher education community the association has long been viewed as the authoritative voice of the academic profession in this regard the aaup s policy documents and reports widely known as the redbook because of the color of its cover presents in convenient format a wide range of policies in some instances formulated in cooperation with other educational organizations the current edition the eleventh includes basic statements on academic freedom tenure and due process academic governance professional ethics research and teaching online and distance education intellectual property discrimination collective bargaining accreditation and students rights and freedoms the new edition has been thoroughly updated and reorganized thematically brief historical introductions have been added to each section along with an introductory essay on incorporating aaup principles into faculty handbooks among the eighteen new reports

included in this edition are statements on academic freedom and outside speakers campus sexual assault the inclusion of faculty on contingent appointments in academic governance and salary setting practices that unfairly disadvantage women faculty

policy and the political life of music education is the first book of its kind in the field of music education it offers a far reaching and innovative outlook bringing together expert voices who provide a multifaceted and global set of insights into a critical arena for action today policy on one hand the book helps the novice to make sense of what policy is how it functions and how it is discussed in various parts of the world while on the other it offers the experienced educator a set of critically written analyses that outline the state of the play of music education policy thinking as policy participation remains largely underexplored in music education the book helps to clarify to teachers how policy thinking does shape educational action and directly influences the nature extent and impact of our programs the goal is to help readers understand the complexities of policy and to become better skilled in how to think speak and act in policy terms the book provides new ways to understand and therefore imagine policy approximating it to the lives of educators and highlighting its importance and impact this is an essential read for anyone interested in change and how to better understand decision making within music and education finally this book while aimed at the growth of music educators knowledge base regarding policy also fosters open thinking regarding policy as subject helping educators straddling arts and education to recognize that policy thinking can offer creative designs for educational change

this comprehensive book explores the challenges and opportunities when teaching public policy courses reflecting on political polarisation and the contemporary environment the contributors critically engage with course design and structure and offer innovative activities assignments and tips for the classroom

the emerging political systems of central asian countries have given a new impetus to the world political scientist to add and theorise new democratic developments after the collapse of communism this book is a scholarly contribution which combines theory and practice of political culture and participation in the central asian political context this book focuses on the soviet and post soviet development of political culture in the central asian region and the role of political parties other non political formations like the opposition the media civil society and ethnic minority groups who are also augmenting the process of democratisation this book has extensively used opinions of experts from authoritative russian central asian and indian scholars which were specially undertaken for the purpose of this book students academicians researchers policy makers businessmen and diplomats would be enormously benefited by this book this book would make its humble contribution to enriching knowledge about the newly politically formed five central asian countries constitutional provisions and political practices for india s central asia connect policy

the global economy remains resilient despite differences in the strength of activity and

incomes across countries and sectors inflation has continued to fall supporting real incomes but consumer confidence is yet to recover to pre pandemic levels in many countries global growth is projected to be 3.2 this year and 3.3 in 2025 and 2026 with inflation easing further nonetheless the outlook is highly uncertain an intensification of geopolitical tensions or global trade restrictions could hamper further disinflation and weaken the growth outlook at the same time future shocks could trigger disruptive corrections in financial markets magnified by high debt and stretched asset valuations the key policy priorities are to ensure a continued and lasting decline in inflation enhanced efforts to establish a credible fiscal path that will secure debt sustainability and ambitious reforms to raise sustainable and inclusive growth in the medium term this issue includes an assessment of the global economic situation a chapter on developments in labour shortages and associated policy considerations and a chapter summarising developments and providing projections for each individual country coverage is provided for all oecd members as well as for selected partner economies

social network analysis a method for analyzing relationships between social entities has expanded over the last decade as new research has been done in this area how can these new developments be applied effectively in the behavioral and social sciences disciplines in advances in social network analysis a team of leading methodologists in network analysis addresses this issue they explore such topics as ways to specify the network contents to be studied how to select the method for representing network structures how social network analysis has been used to study interorganizational relations via the resource dependence model how to use a contact matrix for studying the spread of disease in epidemiology and how cohesion and structural equivalence network theories relate to studying social influence it also offers statistical models for social support networks advances in social network analysis is useful for researchers involved in general research methods and qualitative methods and who are interested in psychology and sociology

the literature on rural america to the extent that it exists has largely been written by urban based scholars perpetuating out of date notions and stereotypes or by those who see little difference between rural and agricultural concerns as a result the real rural america remains much misunderstood neglected or ignored by scholars and policymakers alike in response emery castle offers the changing american countryside a volume that will forever change how we look at this important subject castle brings together the writings of eminent scholars from several disciplines and varying backgrounds to take a fresh and comprehensive look at the forgotten hinterlands these authors examine the role of non metropolitan people and places in the economic life of our nation and cover such diverse issues as poverty industry the environment education family social problems ethnicity race religion gender government public policy and regional diversity the authors are especially effective in demonstrating why rural america is so much more than just agriculture it is in fact highly diverse complex and interdependent with urban america and the international market place most major rural problems they contend simply cannot be effectively addressed in isolation from their urban and international connections to do so is misguided and even hazardous when one fourth of our population and ninety seven per cent of our land area is rural together these writings not only provide a new and more realistic view of rural life and public policy but also suggest how the field of rural studies can greatly enrich our understanding of national life

a sequel to latin american foreign policies global and regional dimensions westview

1981 this collection of original essays presents a comprehensive view of the principal foreign policy issues of the nations of latin america and lays the foundation for understanding the challenges facing those nations in the 1980s the book begins with an introduction to the major themes of conflict and cooperation in latin american foreign policies an overview of u s latin american relations and an assessment of contemporary research in the field the authors then analyze the economic challenges regional conflicts and security concerns of the nations of south and central america with case studies of the foreign policies of argentina brazil chile peru venezuela colombia mexico nicaragua and cuba a concluding section suggests future directions for research on latin american foreign policies in the 1980s and offers a theoretical framework for the analysis of foreign policy behavior in the region

the concept of community development is often misunderstood holding different meanings across different academic disciplines moreover the concept of community development has been historically abstracted not only in the way the concept has been conceptualized in academic studies but also by the way in which practitioners use the term in the vernacular departing from traditional definitions of community development this volume applies the new public service nps perspective of public administration to community development to illustrate how public administrators and public managers can engage in community development planning and implementation that results in more equitable and sustainable long term outcomes this book will be of interest to practitioners and researchers in public administration management public administration theory community development economic development urban sociology urban politics and urban planning
