the answer to the question about the existence of inhabitants of other worlds has profound implications for the christian concepts of sin and redemption did the incarnation of christ that is

jesus taking on human flesh happen on one planet earth and one species humans or did an event like the incarnation occur in every world where intelligent inhabitants have evolved or is it the case that only humans fell from grace and are inflicted with original sin because our first parents sought god like wisdom the concept of intelligent life evolving on other planets is a scientific view held by the majority of the world s scientists but what about the world s theologians and ordinary christians what indeed do star trek star wars alien and e t have to do with christian theology in a sense science and religion dance together in a way that allows each to inform the other and balance the other in the minds of people who think about such things in this book we examine god and christianity beyond the confines of this small planet

explore the contemporary significance of the old testament and hear the word of god afresh this is the second of a three volume commentary on the psalms combining literary historical grammatical and theological insight in a widely accessible manner one of today s foremost experts on biblical theology john goldingay covers psalms 42 89 with his own translation of each passage followed by interpretive comments and theological implications in addition to paragraph level commentary all volumes of the baker commentary on the old testament series feature a fresh translation of the hebrew text incisive comments based on the author s translation linguistic historical and canonical insights concluding reflections footnotes addressing technical matters pastors teachers and all serious students of the bible will find here an accessible commentary that will serve as an excellent resource for their study the book of psalms is the literary sanctuary a holy place where humans share their joys and struggles with brutal honesty in god s presence writes tremper longman iii editor of the baker commentary on the old testament wisdom and psalms series

in this first volume of a three volume commentary on the book of psalms john goldingay a creative and respected old testament scholar considers literary historical and grammatical dimensions of the text as well as theological implications goldingay writes with a scholar s eye and a pastor s heart the resulting commentary will bring the psalms to life for a new generation of pastors and students in addition to the commentary on psalms 1 41 this volume contains goldingay s introduction to the entire book of psalms also included is an extensive glossary section treating the vocabulary of psalms 1 41 which notes how certain words are used to convey critical concepts this is the third volume in the baker commentary on the old testament wisdom and psalms series

the second of a three volume commentary on the book of psalms in the baker commentary on the old testament wisdom and psalms series

includes section reviews of recent theological literature

in cosmos and theos professor errol e harris develops the theological ethical and social implications of the anthropic cosmological principle he argues that the twentieth century revolution in physics reinstates the traditional arguments for the existence of god that had been inevitably invalidated by the logic appropriate to empiricism and the presuppositions of newtonian science errol e harris stresses that the holism of contemporary science now demands a new dialectical logic and metaphysic in the light of which old doctrines assume a new aspect and gain fresh vitality professor harris reviews the history of religion in relation to contemporary developments in science contending that the conflict between the two persistent since the seventeenth century is largely the effect of the copernican newtonian scientific paradigm rather than of any insuperable divergence of aim or dogma he also reviews the salient arguments and the criticism of them that have been offered in the history of western philosophy for god s existence cosmos and theos concludes with a reinterpretation of christian doctrine intended to demonstrate the essential congruity between its tenets and the current conceptions of the anthropic principle

moving from biblical theology to systematic theology to practical theology work theological foundations and practical implications offers a comprehensive theology of work with contributions from a variety of leading theologians including miroslav volf and samuel gregg this book brings together biblical scholars ethicists economists representing a spectrum of theological voices it will bring a new academic depth to the literature on the theology of work and provide a comprehensive single volume resource for scholars and students alike

a detailed study of how theologian karl barth 1886 1968 comprehended the connections between the christian doctrine of god the doctrine of humanity and christian ethics a triad of concepts that the author refers to as barth s theology of relations he examines barth s writings on parents and children to discuss barth s ethics generally and argues for the relevance of barth s theology of relations to contemporary family issues annotation copyrighted by book news inc portland or
