western civilization was built on the concept of god today modern science based on the critical method and so called objective facts denies even the existence of our soul there is only matter atoms molecules and dna sequences there is no freedom there are no well grounded beliefs the decline of western civilization is not the simple consequence of decadence hedonism and

malevolence modern critical science has liberated us from the old dogmas but failed to establish our freedoms values and beliefs however human knowledge is not objective but personal we are the children of evolution everybody sees the world from his own personal point of view anchored into his her body we use our billions of years old evolutionary skills and thousands of years old cultural heritage to recognize and acknowledge the personal facts of our reality freedom and most important natural beliefs respect and speak the truth in reality even science itself is based on our personal knowledge only our false conceptual dichotomies paralyze our thinking god or matter there is a third choice the emergence of life and human persons this is the only way to defend our freedoms and the christian moral dynamism of free western societies

this book could have been ten times longer but it serves the purpose of introducing christians to the truth concerning the beginning of the world and the universe the first three chapters of genesis describe historical facts not myths as the hebrew texts prove most quotes are by scientists evolutionists jealously guard their failed hypothesis because as they say they cannot let god get a foothold in science in itself this is an admission of anxiety that truth will one day be shown and it is not found in scientism which is the fake version of science there are absolutely no proofs for evolution but how many know this evolutionists are so scared of this truth getting out they will resort to legal restraints they are so afraid they enforce evolution only in schools by intimidation and false science and denigrate students in universities for daring to question evolutionary orthodoxy yet genuine scientists know evolution is fake they hate god that s it

many years of biblical study have showed john e hollywell that most people have never had an accurate explanation of biblical truths and do not know what an amazing inheritance the bible says they may have once they make jesus their lord and saviour the chaos the world suffers was foretold in the bible scientists offer explanations but governments politicians and educators have no answers as to why there is such poverty crime war disease mental health problems and other forms of misery in the world today are there solutions to all of these issues emphatically the author says yes hosea 4 6 says that gods people are destroyed through lack of knowledge this book provides some such knowledge in a simple readable format the answer god s

covenants of promise will have achieved its purpose if it can open a readers eyes to see the word of god as it was meant to be understood why seemingly good people worldwide are so hostile and inhumane to each other and who jesus is and what was his true purpose for coming the answer god s covenants of promise was written for everyone who might seek to know where humanity came from why we are here and where we go in the future into eternity the answer god s covenants of promise seeks to answer such scientific evolutionary and spiritual questions as what is faith in god to be found through jesus of nazareth gods son

this is a book of history ethics and philosophy it is a record of teachings passed down through the generations from the east and the west it contains the fullness of the sealed covenant established between man and the laws of the universe as we evolve as a race we take things out of our lives because we better understand who we are and what we have achieved the divine refers to the laws of nature and the universe that guide us in our everyday lives the creator that guides our everyday lives is not something that we should worship or pray to out of fear or love it is something that remains unseen and works in natural forces to explain all the events that happen on earth it is merely a force and it is not necessary to belong to a group to experience the light the path to the light is straight and broad the creator of the universe is a divine and intellectual force by which all things came into being the sealed covenant is a pact between all of humanity to the world around us and the universal laws that guide our everyday lives to come together and love one another and come to make the world a better place for all people this shall usher in the evolution of religious traditions and humanity to a new age of prosperity

filled with timeless wisdom to improve our characters and souls ryuho okawa s passion and dedication to the truth found in every chapter of this book will certainly move you to shift your way of thinking to lead a more constructive life starting from macro perspective topics which detail the rise and fall of ancient truth abiding civilizations pre dating 3 000 b c the prevailing theme is revealed through the lives of jesus brother souls all of whom essentially carried the same universal mission of bringing universal happiness throughout different regions and eras yet despite this the recipient people s lack of knowledge and

understanding along with self serving egos always resulted in persecution are we going to repeat this historical pattern this is followed by topics focused on individual happiness and how to improve our quality of life by putting the four principles of happiness of love wisdom self reflection and progress into action contents tracing the development of truth civilizations what is happy science the discovery of enlightenment secret of multi dimensional universe the ultimate self realization
