by now we've all heard about the shocking redistribution of wealth that's occurred during the last thirty years and particularly during the last decade but economic changes like this don't occur in a vacuum they're always linked to politics the twilight of equality searches out these links through an analysis of the politics of the 1990s the decade when neoliberalism free market economics became gospel after a brilliant historical examination of how racial and gender inequities were woven into the very theoretical underpinnings of the neoliberal model of the state duggan shows how these inequities play out today in a series of political case studies

duggan reveals how neoliberal goals have been pursued demonstrating that progressive arguments that separate identity politics and economic policy cultural politics and affairs of state can only fail ultimately the twilight of equality not only reveals how the highly successful rhetorical maneuvers of neoliberalism have functioned but more importantly it shows a way to revitalize and unify progressive politics in the u s today

impossible in twilight's last gleaming James R. Cooper proposes a startling new program to salvage the American dream through a national policy emphasis on renewal of our cities. Cooper's approach is interdisciplinary, ranging from Hobbes to Locke, from suggested changes in the Supreme Court to the nature of human sexuality. Above all, Cooper urges that Americans make a paradigm shift in the way they think about the goals they pursue. He demonstrates how new strategies will make living in our cities a rewarding experience and will help America to resume its historic role as a wellspring of democratic progress.

How can we create a model of politics that reaches beyond the nation state and beyond settler colonialism, authoritarianism and neoliberalism? In *Beyond the Pink Tide: Macarena G. Méz Barris explores the alternatives of recent sonic, artistic, activist, visual and embodied cultural production* by focusing on radical spaces of potential including queer youth, trans, feminist, indigenous and anticapitalist movements and artistic praxis. G. Méz Barris offers a timely call for a decolonial, transnational American studies. She reveals the broad possibilities that emerge by refusing national borders in the Americas and by seeing and thinking beyond the frame of state-centered politics. Concrete social justice and transformation begin at the level of artistic, affective and submerged political imaginaries in Latin America and the United States across South-South solidarities and beyond.
