one of the world's greatest psychiatrists reveals how to embrace our own humanity and resist the pressures of an ever changing world in this challenging and provocative work dr carl jung one of history's greatest minds argues that civilization's future depends on our ability as individuals to resist the collective forces of society only by gaining an awareness and understanding of one's unconscious mind and true inner nature the undiscovered self can we as individuals acquire the self knowledge that is antithetical to ideological fanaticism but this requires that we face our fear of the duality of the human psyche the existence of good and the capacity for evil in every individual in this seminal book jung compellingly argues that only then can we begin to cope with the dangers posed by mass society the sum total of individuals and resist the potential threats posed by those in power a passionate plea for individual integrity the new york times book review

in the undiscovered self jung explains the essence of his teaching for a readership unfamiliar with his ideas he highlights the importance of individual responsibility and freedom in the context of today's mass society and argues that individuals must organize themselves as effectively as the organized mass if they are to resist joining it to help them achieve this he sets out his influential programme for achieving self understanding and self realization the undiscovered self is a book that will awaken many individuals to the new life of the self that jung visualized

jung explains the essence of his teachings for a readership unfamiliar with his ideas highlighting the importance of individual responsibility and freedom in the context of today's mass society

in this challenging and provocative work dr carl jung one of history s greatest minds argues that civilization s future depends on our ability as individuals to resist the collective forces of society only by understanding one s unconscious inner nature the undiscovered self can we gain essential self knowledge and begin to cope with and resist the dangers posed by those in power

in the undiscovered self jung explains the essence of his teaching for a readership unfamiliar with his ideas he highlights the importance of individual responsibility and freedom in the context of today s mass society and argues that individuals must organize themselves as effectively as the organized mass if they are to resist joining it to help them achieve this he sets out his influential programme for achieving self understanding and self realization the undiscovered self is a book that will awaken many individuals to the new life of the self that jung visualized

dr jung discusses the problem of the individual in today s highly programmed society

the collected works of c g jung is a book series containing the first collected edition in english translation of the major writings of swiss psychiatrist carl gustav jung the volumes were edited and translated from the original german by gerhard adler and r f c hull occasionally with assistance from others most were not written by jung as books but are collections of papers essays lectures letters etc written by jung from 1902 until his death in 1961 and compiled by editors from 1945 onward the series contains revised versions of works previously published works not previously translated and new translations of many of jung s writings several of the volumes are extensively illustrated each contains an index and most contain a bibliography prior to jung s death he supervised the revisions of the text some of which were extensive an enormous body of jung s work still remains unpublished

psychology and society volume 10 of the collected writings of murray stein contains essays pertaining to the relationship between individuals and groups individuals live in families tribes religious communities and nations psychology permeates all levels these essays range from the role of the father in mediating between family and society to psychological reflections on the collective psyche in postmodern times jungian psychology recognizes the collective within the individual and the individual within the collective both in the light of positive and negative dynamics the process of individuation applies to all dimensions of human existence

political theorist laurie m johnson deals with jung s analysis of the effects of modern scientific rationalism on the development of communism fascism and nazism in the 20th century and applies this analysis to the rise of the new right in the 21st century jung s thought provides much needed insight into contemporary ideologies such as neoliberalism identitarianism and the alt right johnson explains jungian analytical psychology as it relates to these topics with a chapter devoted to jung s views of friedrich nietzsche who exemplifies the modern problem with his proclamation that god is dead and an in depth discussion of jung s views on truth and the psychological function of religion as a safeguard against deadly mass movements she then turns to jung s treatment of anti semitism and the nazi movement and his views on race and racism johnson applies these historical insights to the current manifestations of mass psychological disruption in the clash between neoliberals and the right wing populist and identitarian movements on the rise in north america and europe she concludes by discussing the search for an authentic and meaningful life in a west that rejects extremism and is open to authentic spiritual experiences as a counterbalance to mass mindedness ideological possession and the rise of the new right will appeal to both undergraduate and graduate students of psychology and intellectual history the book will also be of interest to those wishing to understand the

new nationalist nativist and identarian movements

life skills are essentially individual abilities that help in promoting mental well being and competence in people to deal with the various situations in life this book presents various aspects of life skills including communication self analysis self development and study habits these are crucial elements in determining one s personal and professional growth developed in accordance with the new syllabus of the west bengal council of technical education and written in an interactive style this course book will help the students inculcate the various life skills and enhance their acceptability and growth in this highly competitive world key features opening case study in every chapter along with case analysis based class discussion to encourage students to apply their analytical skills assess your understanding to test understanding and assimilation of the information shared in the passages story time with short interesting stories that allow young learners to develop critical thinking skills and draw some moral lessons from them in class team activity in the form of role plays debates discussion etc experiential learning to gauge the students understanding of the concepts and to measure how much of the learning they are able to apply in real life
