america like other modern nations is characterized by its diversity and can be seen as a complex and fragmented nation state yet an american culture defined by those beliefs and behaviors that all americans do share irrespective of their other cultural affiliations does exist this book presents an innovative approach to the issues and aspects in the study of america s unique culture the real diversity of america is lost in the practice of categorizing people into social racial or ethnic groups and then attributing culture to them while not an exhaustive treatment of the culture this volume serves as a point of departure for discussions of american culture in a variety of courses both within and outside the discipline of anthropology each chapter is accompanied by suggested

readings to enable the student to pursue a more in depth study of any individual topic

exploring the central themes in modern american cultural studies and discussing how these themes can be interpreted american cultural studies offers a wide ranging overview of different aspects of american cultural life such as religion gender and sexuality regionalism and ethnicity and immigration the fourth edition has been revised throughout to take into account the developments of the last four years updates and revisions include discussion of barack obama s time in the white house consideration of hemispheric american studies and the increasing debates about globalisation and the international role of the usa long form television and american studies up to date case studies such as girls the wire and orange is the new black more material on detroit the mexican border same sex relationships and islam in america updated further reading lists and new follow up work illustrated throughout containing follow up questions and further reading at the end of each chapter and accompanied by a companion website routledge.com/cw/campbell providing further study resources american cultural studies is a core text and an accessible guide to the interdisciplinary study of american culture

this very short introduction describes the development of american culture across time and how various socioeconomic and ethnic groups contributed to it this highlights the historical significance of culture in light of more general social political and economic events diverse americans have developed a national culture with a worldwide reach creating tales that have formed a national identity and an american way of life across the boundaries of race class gender and sexual orientation as well as language location and religion

our nation began with the simple phrase we the people but who were and are we who were we in 1776 in 1865 or 1968 and is there any continuity in character between the we of those years and the nearly 300 million people living in the radically different america of today with made in america claudia fisher draws on decades of historical psychological and social research to answer that question by tracking the evolution of american character and culture over three centuries he explodes myths such as that contemporary americans are more mobile and less religious than their ancestors or that they are more focused on money and consumption and reveals instead how greater security and wealth have only reinforced the independence egalitarianism and commitment to community that characterized our people from the earliest years skillfully drawing on personal stories of representative americans fisher shows that affluence and social progress have allowed more people to participate fully in cultural and political life thus broadening the category of american yet at the same time what it means to be an american has retained surprising continuity with much earlier notions of american character

firmly in the vein of such classics as *The Lonely Crowd* and *Habits of the Heart* yet challenging many of their conclusions made in America takes readers beyond the simplicity of headlines and the actions of elites to show us the lives aspirations and emotions of ordinary Americans from the settling of the colonies to the settling of the suburbs

the 1920s saw the United States rise to its current status as the leading world superpower matched by an emerging cultural dominance that characterized the second half of the twentieth century this book provides an stimulating account of the major cultural and intellectual trends of the decade that have been pivotal to its characterization as the jazz age Currell's book places common representations of the roaring twenties and the lost generation into context through chapters on literature music and performance film and radio and visual art and design alongside the unprecedented rise of leisure and consumption in the 1920s key features 3 case studies per chapter featuring key texts genres writers and artists chronology of 1920s American culture bibliographies for each chapter 17 black and white illustrations

Americans have a long history of public arguments about taste the uses of leisure and what is culturally appropriate in a democracy that has a strong work ethic Michael Kammen surveys these debates as well as our changing taste preferences especially in the past century and the shifting perceptions that have accompanied them professor Kammen shows how the post traditional popular culture that flourished after the 1880s became full blown mass culture after World War II in an era of unprecedented affluence and travel he charts the influence of advertising and opinion polling the development of standardized products shopping centers and mass marketing the separation of youth and adult culture the gradual repudiation of the genteel tradition and the commercialization of organized entertainment he stresses the significance of television in the shaping of mass culture and of consumerism in its reconfiguration over the past two decades focusing on our own time Kammen discusses the use of the fluid nature of cultural taste to enlarge audiences and increase revenues and reveals how the public role of intellectuals and cultural critics has declined as the power of corporate sponsors and promoters has risen as a result of this diminution of cultural authority he says definitive pronouncements have been replaced by divergent points of view and there is as well a tendency to blur fact and fiction reality and illusion an important commentary on the often conflicting ways Americans have understood defined and talked about their changing culture in the twentieth century

this essay confronts the myth of American cultural inferiority this essay details American culture with all its beauty and complexity this essay reveals that far from being inferior in fact America's culture is at the forefront of world culture Joseph Roiff is a poet and a historian Joseph Roiff is a

former school teacher and a graduate of northern arizona university joseph rouff also wrote the case against guns america s curse and love triumphant a philosophy of love

american culture is a rich and complex tapestry of colorful threads from at least five continents and in recent decades increased immigration has meant that the pace of change is accelerating it s time for us to get to know ourselves and really appreciate this rich vast and rapidly expanding culture this book explores the contributions of hispanic black native american oriental jewish and other cultures to a nation where many people still focus on the influences of christian capitalist and ethnically european particularly british heritage written for a general audience tapestry explores the myths of american culture and reveals surprising cultural roots including the fact that american democracy and representative government were inspired more by native american ways than by the ancient greeks and romans capitalism has become an unchallenged idea a cultural universal and so dogmatic that coupled with christianity it has become america s dominant religion however capitalism is a 19th century concept created for the bygone industrial era now the system is showing decay unfortunately america is an ethnocentric country whose jingoistic belief in its own exceptionalism may prevent needed change american culture has been both inclusive and intolerant today it stands at a crossroad and must decide what road to take are we to enter a renaissance or a dark age

since the second world war europe has undergone a continual invasion wave after wave of american popular culture the diffusion of american culture in europe is both a european story about america and an american story about europe this work examines this cross cultural phenomenon from the european viewpoint nearly two dozen european experts in their respective fields offer an invigorating engaging and open minded examination of america as perceived with the acute insight of the interested european outsider a fruitful tradition that stretches back to lafayette de toqueville and goethe to name three of interest to scholars students and general readers alike the book s focus is both sensuous and intellectual how america is seen the image heard popular music perused the written word digested food learned from its common ways social customs perceived by minorities ethnic cultures and taken as an instrument of change americanization it is the first book of its kind published in the united states it is rich with selected up to date critical bibliographies in areas for which very little information is otherwise available in sum a cogent cross cultural analysis of how u s popular culture exposes both european dreams of well being and nightmares of discontent these are insights which deserve to be savored

thirty years ago ronald reagan rode a wave of patriotism to the white house by calling for a return to what he considered to be traditional american values personal liberty free markets and limited

government after the cultural struggles and generational clashes of the 1960s and 70s it appeared that many americans were eager to abide by reagan s set of core american principles yet despite reagan s continuing popularity modern america remains widely perceived as a nation weakened by its divisions while debates over cultural values have been common throughout the country s history they seem particularly vitriolic today some argue that these differences have resulted in a perpetually gridlocked government caught between left and right red states and blue since the american founding commonly shared cultural values have been considered to be the glue that would bind the nation s citizens together however how do we identify define and interpret the foundations of american culture in a profoundly divided pluralistic country in american culture in peril charles w dunn assembles top scholars and public intellectuals to examine reagan s impact on american culture in the twenty first century the contributors assess topics vital to our conversations about american culture and society including changing views of the family the impact of popular culture and the evolving relationship between religion communities and the state others investigate modern liberalism and the possibilities of reclaiming a renewed conservatism today american culture in peril illuminates reagan s powerful legacy and investigates whether his traditional view of american culture can successfully compete in postmodern america contributors hadley arkes paul a cantor allan carlson jean bethke elstain charles r kesler wilfred m mcclay ken myers

whether you re a businessperson beginning to work in the united states or a foreign student visiting for a semester this new edition of american ways will help you navigate america s diverse and changing culture from the deep seated attitudes that mark the american character to customs and everyday activities american ways explores the tapestry of the country s life providing invaluable information on cultural values politics education religion and relationships in this revised edition gary althen and janet bennett have added material that reflects some of the important changes that have occurred over the last decade this edition features new material on american politics reflecting the impact of the bush administration as well as the election of the nation s first black president and an updated chapter on the effects of social networking sites on meeting people and creating friendships

examines the nation s first widely publicized case involving the concept of clergy malpractice and the questions it raised regarding separation of church and state free exercise of religion and state regulation of non professional counseling
