adam tooze s the wages of destruction the making and breaking of the nazi economy provides a groundbreaking new account of how hitler established himself in power

mobilized for war and led his country to annihilation was the tragedy of the second world war determined by nazi germany's terrifying power or by its fatal weakness this gripping and universally acclaimed new history tells the real story of the cost of hitler's plans for world domination and will overturn everything you thought you knew about the third reich a tour de force niall ferguson masterful smashes a gallery of preconceptions the times this book will change the way we look at nazi history nothing less than a masterpiece rejoice rejoice for a great historian is born sunday telegraph a remarkable and gripping revision of the history of nazi germany new statesman books of the year a powerful and provocative reassessment of the whole story richard overy

tooze provides an interpretation of the dramatic period of statistical innovation between 1900 and the end of world war ii at the turn of the century virtually none of the economic statistics that we take for granted today were available by 1944 the entire repertoire of modern economic statistics was being put to work in wartime economic management as this book reveals the weimar republic and the third reich were in the forefront of statistical innovation in the interwar decades new ways of measuring the economy were inspired both by contemporary developments in macroeconomic theory and the needs of government the weimar republic invested heavily in macroeconomic research under the nazi regime these statistical tools were to provide the basis for a radical experiment in economic planning based on the german example this book presents the case for a more wide ranging reconsideration of the history of modern economic knowledge

this text is a brief yet comprehensive survey of the third reich based on current research findings and it is written for students and general readers who want a deeper understanding of this period in german history it provides a balanced approach in examining hitler's role in the history of the third reich and includes coverage of the economic social and political forces that made the rise and growth of nazism possible the institutional cultural and social life of the third reich the second world war and the holocaust hallmark features an in depth portrait of adolf hitler the man and the leader coverage includes the influences on his early development his character traits his oratorical skills his messianic pretensions and an analysis of his ideology based on quotations from his writings and speeches a thorough examination of the holocaust includes coverage of anti semitism in germany hitler's personal racial ideology and vision of aryan purity the mechanisms of terror and control and the machinery of the final solution the jewish perspective is woven throughout this coverage engaging coverage of the following topics anti jewish policies and the involvement of ordinary germans in the

holocaust the political scene in weimar germany the role of gregor strasser in rebuilding the nazi party walter darré and blood and soil the internal consolidation of power party state relations early nazi economic policy the ss and the military between 1933 1939 provides the most up to date research pedagogical features student pedagogy includes maps photos bibliographies and suggestions for further reading david redles associate professor of history at cuyahoga community college contributed his expertise to the latest revision by revising and updating the text in accordance with the most recent scholarship in the field coverage of world war i has been reorganized to improve flow includes a substantial amount of new coverage of cultur

the last volume of the late tony cliff s selected works deals with the major themes of trotskyism after trotsky extending the study of state capitalism to the political developments of russia and china and addressing issues of oppression in relation to marxist theory areas covered include the nature of stalinist russia reformism the permanent war economy and why socialists must fight for gay liberation and against the oppression of women all by a committed socialist activist and the world s most renowned critic of the political system in stalinist russia

although bibliographies do exist that concern themselves with the nazi period in germany and the third reich no one has yet attempted a complete reference source with the publication of adolf hitler and the nazi epoch there is finally a complete comprehensive reference source designed to identify all english language works that relate to the nazis and the third reich included in this bibliography are monographs biographies pamphlets and journal articles as well as more general histories of the time period the material is subdivided by subject and organized into eighteen chapters making this large bibliography simple to use the chapter subjects contain a broad range of data included are chapters on adolf hitler himself the origins of national socialism religion and the nazis articles about education and academics in germany law and government under the third reich the ss and concentration camps everyday life in nazi germany foreign policy and more the range of data collected in this one reference location is astounding and should provide a nearly inexhaustible starting point for those scholars and students interested in the history of one of the most controversial political parties and governments of the twentieth century
