the war of the worlds is wells classic science fiction tale of a martian invasion of earth
having already destroyed london it seems that no one can stop the intellectually
superior martians from taking over the whole planet

not to be confused with pantheism the ancient greek notion that god is everywhere an
animistic force in rocks and trees the concept of panentheism suggests that god is both
in the world immanent and also beyond the confines of mere matter transcendent one
of the fundamental premises of this groundbreaking collection of essays is that
panentheism despite being unlabeled until the nineteenth century is not merely a
modern western invention the contributors examine a number of the world s
established and ancient religious traditions christianity hinduism buddhism judaism and
others to draw out the panentheistic dimensions of these traditions and the possibilities
they suggest panentheism is not only an esoteric potentially heretical and deeply
mystical vision of the world s great religious pasts it is also a key feature of
contemporary global spirituality as this volume demonstrates the metaphors and
practices associated with modern panentheism speak powerfully to the realities of our
evolving species and our evolving technological world panentheism s enticingly
heretical vision of the relationship between the divine and matter has historically been
denied a serious place in scholarship as panentheism across the world s traditions
shows the dynamism between matter and spirit that panentheism offers has had a
profound influence in the modern world

make every business day a masterpiece this fascinating book is a must read for every
leader or individual that aspires to become one it eloquently offers tips examples and
analogies that help the reader focus effort and attention in that noble attempt to
become a better leader eric weber associate dean iese business school unlike
explorations of leadership that too often provide more heat than light o malley and
baker offer a refreshing and engaging lens that not only illuminates but inspires the
reader mary c gentile creator and director of giving voice to values and senior research
scholar babson college this is not another book on leadership its essence is that all
great leaders show an intense artistry o malley and baker give leadership criteria that

weave business language with a strong dose of artistic principles a great read chuck royce chairman royce funds impressive o malley and baker have written a book that is at once entertaining intellectually engaging and practical a tough combination rarely achieved ed greenberg university of colorado coauthor of turbulence o malley and baker thoughtfully illustrate the intersections between leadership and art explaining the requisite attributes for leadership excellence such as focus intellectual challenge imagination and authenticity josh weston honorary chairman automatic data processing inc o malley and baker have written a wonderful book that illustrates the complexities and necessities of what should be understood as the ultimate qualities of leadership david finn chairman ruders finn inc about the book artists put their work on display for everyone to judge accepting a position of vulnerability for want of something important to say and in the service of contributing to the common good artists bring people closer together by providing a forum for shared experiences artists challenge excite comfort and motivate people and they don't learn their craft by reading about it in a book they practice push themselves and their means of expression and execute execute these are exactly the same things effective business leaders do day in and day out in every leader is an artist leadership experts o malley and baker employ the leadership as an art metaphor to its conceptual limits leadership is an art literally and leaders are artists they just happen to work in a different medium this groundbreaking look at leadership offers a completely new perspective on the age old question what separates the effective leader from the ineffective leader o malley and baker reveal 12 key characteristics shared by great artists and leaders including intention makes an express commitment to achieve certain exceptional ends authenticity expresses individuality and personal beliefs with honesty and transparency engagement challenges the intellectual capacities of employees and tests their abilities to develop creative solutions to problems imagination makes surprising and unconventional departures from the ordinary that create a new sense of awareness or understanding form diligently combines various communications structures and policies into a unified coherent whole collectively these attributes make great leadership possible or in their absence difficult write the authors their presence does not assure leadership excellence but it does set the range of potential providing the tools and techniques for developing these qualities the authors provide vignettes that draw parallels between the personal qualities of famous artists and effective leaders every leader is an artist will make you see your own leadership characteristics with newfound clarity and help you build upon them to be the best leader you can be after reading this book you will never think about leadership and your responsibilities as a leader in quite the same way again

thousands of books are written on diets but not many if any on how the longest lived communities in the world live and what they actually eat this book is a study of the lifestyles and diets of the four longest lived communities in the world all of these locations have a higher proportion of centenarians and super centenarians per hundred thousand of population as well as many persons who live to their 130s 140s and even older the longevity communities in this book are okinawa japan the republic of abkhazia next to southern russia vilcabamba ecuador hunza people of northern pakistan lots of information is also provided about the lifestyles of these localities and other longevity factors are elaborated on too we also provide some diet and lifestyle steps to get you started on losing weight and improving your health starting today come join us as we learn more about how we should live and eat to optimize long term health through the best lifestyles and diets

in loss and wonder at the world s end laura a ogden brings together animals people and things from beavers stolen photographs lichen american explorers and birdsong to catalog the ways environmental change and colonial history are entangled in the fuegian archipelago of southernmost chile and argentina repeated algal blooms have closed fisheries in the archipelago glaciers are in retreat extractive industries such as commercial forestry natural gas production and salmon farming along with the introduction of nonnative species are rapidly transforming assemblages of life ogden archives forms of loss including territory language sovereignty and life itself as well as forms of wonder or moments when life continues to flourish even in the ruins of these devastations her account draws on long term ethnographic research with settler and indigenous communities archival photographs explorer journals and experiments in natural history and performance studies loss and wonder at the world s end frames environmental change as imperialism s shadow a darkness cast over the earth in the wake of other losses

questing was sherlock holmes s business he famously adopted the latest forensic techniques channelled the victorian passion for enquiry kept abreast of the key scientific breakthroughs of his age and conducted his investigations in an enigmatic and stylised manner and the brains behind it all was of course the great arthur conan doyle in this deep dive into the contemporary world of holmes and conan doyle biographer andrew lycett explores all that encompasses the world of the great detective tracing the infamous character s own interests personality and mythologised biography alongside that of his creator s from the victorian crazes for detection and séance to contemporary developments in science and psychology lycett weaves together everything that inspired

conan doyle in creating the world s most famous detective and one of fiction s most enduring enigmatic and recognisable characters
