from the authors who accurately predicted the domino fall of the conjoined real estate stock and private debt bubbles that led to the financial crisis of 2008 comes the definitive guide to protection and profit in 2013 and beyond based on the authors unmatched track record of accurate predictions in their three landmark books *america s bubble economy aftershock* and *aftershock* second edition this new book offers what readers have been clamouring for a detailed guide to how to survive and thrive in the next global money meltdown entirely updated with three new chapters plus more actionable insights and detailed advice the *aftershock investor* second edition spells out clearly and concisely exactly what smart investors need to know right now before the worldwide aftershock hits specifically readers will discover that this so called economic recovery is 100 fake see new chapter 1 and is working to temporarily support our multibubble economy chapter 2 based on massive money printing that will only make our problem even worse later chapter 3 when mounting future inflation and climbing interest rates will inevitably push us over the market cliff new chapter 4 going over the market cliff will surprise

most conventional investors chapter 5 crash the stock market chapter 6 diminish bonds chapter 7 depress real estate chapter 8 threaten insurance and annuities chapter 9 and make gold and other precious metals soar chapter 10 if you can keep your job or business before and during the aftershock chapter 11 and be smart about spending savings and debt new chapter 12 you can learn now how to best protect your retirement chapter 13 and most importantly how to defend yourself and your assets with an innovative actively managed aftershock investment portfolio chapter 14 before it's too late

today's investment environment can be daunting at best trying to find solid returns without the nasty associated risks can be extremely difficult the high income guide will lead you to investments that are often ignored simply because most people don't know about them in fact most financial experts don't even know about them knowing your investment options however is just a start each and every day brings new challenges which is why it is so important to monitor changing market conditions learn strategies that can protect and grow your wealth giving you an edge an almost unfair advantage that few investors have let andrew packer and his team of experts put you on the path to building your dream retirement

investment guru tobin smith reveals his secrets for scoring monster returns in today's volatile stock market by focusing on the emerging sectors that have the best potential for explosive growth what smith refers to as changewaves changewave investing 2.0 presents a radically improved method for picking the next monster stocks while protecting current profits using the changewave principles the book explains how to identify the stocks with the fastest growth potential before wall street does how to screen out the pretenders how to balance a portfolio between aggressive growth stocks and stocks with lower volatility how to use stop orders to limit losses from economic downturns how to invest limited resources for maximum returns you'll discover how to buy and sell in the midst of a seesaw as well as receive savvy advice on the ways you can benefit from market meltdowns by systematically taking out positions at bargain basement prices from the rocketlike success of his first book changewave investing which hit the top of the business bestseller lists to his role as contributing editor on fox's bulls and bears to the rapid growth of the electronic network tobin smith has broken onto the investment community with the momentum of a tsunami now with changewave investing 2.0 readers can learn the strategies and techniques that will allow them to profit from the transformational change the economy is undergoing even in today's bear market

the latest must read book from the authors of the new york times and wall street journal bestselling aftershock series of books fake money real danger strips away the confusion and exposes what's really happening to our economy and investments and shows you what to do about it now before it's too late picking up where aftershock left off fake money real danger reveals how the covid 19 pandemic and the government's massive money printing and borrowing in response to it is providing investors with a once in a lifetime opportunity to build wealth in the near term while also taking the crucial steps necessary to protect yourself and your investments from the inevitable fake money bubble pop in the longer term what fake money massive government money printing increased the u.s. money supply by more than 1,000 since

2008 printing more money in one month in 2020 than during the two years of the financial crisis in 2008 and 2009 mammoth federal debt is now at a staggering 30 trillion up 3 trillion in 2020 and on track for continuous huge increases the amount of federal debt is nearing 10 times our annual tax revenues what real danger all u s economic growth since the financial crisis is entirely due to government borrowing all of it without massive government borrowing we d have no growth at all stock markets will likely continue to rise because of fake money but face an inevitable crisis when continued massive money printing creates serious inflation you and every investor are now at a crossroads your next move will decide your fate protection and profits or wealth destruction and regret

explores trump s effect on american culture from an evangelical perspective
