this concise and accessible textbook introduces students to the anthropological study of religion it examines religious expression from a cross cultural perspective and exposes students to the complexities of religion in small scale and complex societies the chapters incorporate key theoretical concepts and a wide range of ethnographic material the fifth edition of the anthropology of religion magic and witchcraft offers a revised introduction covering the foundations of the anthropology of religion anthropological methods and a push toward decolonizing the anthropology of religion expanded coverage of symbols healing wizardry and the intersections of religion with other social institutions new case study material with examples drawn from around the globe especially from indigenous communities marginalia in each chapter introducing provocative small case examples related to the chapter many of these can be used as prompts for further research small in class case studies or examples for hands on learning a new chapter on religion and healing especially useful for anthropology programs without representation of four fields as it provides a wider and more interdisciplinary application of the discipline a consistent review of foundations from chapter to chapter linking material and enabling students to connect what they are learning throughout the course and further resources via a comprehensive companion website including interactive activities critical case studies updated study questions bibliographical suggestions including video and color images this is an essential guide for students encountering the anthropology of religion for the first time and also for those with an ongoing interest in this fascinating field

this book emphasizes the major concepts of both anthropology and the anthropology of religion and examines religious expression from a cross cultural perspective while incorporating key theoretical concepts it is aimed at students encountering anthropology for the first time

this essential text on the psychology of religion studies the fundamental origins of human spirituality in magic and religion psychologist george b vetter approaches magico religious behavior as a universal human phenomenon he examines the various wide ranging theories regarding the psychology of religion before calling for a more scientifically rigorous approach to the subject putting forth his own provocative and enlightening thesis vetter argues that magic and religion are predictable behavior patterns developed in situations that are uncontrollable yet of momentous importance to the individual or collective first published in 1958 magic and religion was a significant contribution to the psychology and sociology of religion hailed by some as an essential text on the subject it was denounced by others as heresy in part because of its frank criticism of clerical celibacy and its early advocacy for abortion rights

randall styers seeks to account for the vitality of scholarly discourse purporting to define and explain magic despite its failure to do just that he argues that it can best be explained in light of the european and euro american drive to establish and secure their own identity as normative

this vintage book comprises three famous malinowski essays on the subject of religion malinowski is one of the most important and influential anthropologists of all time he is particularly renowned for his ability to combine the reality of human experience with the cold calculations of science an important collection of three of his most famous essays magic science and religion provides its reader with a series of concepts concerning religion magic science rite and myth this is undertaken in an attempt to form a definite impression and understanding of the

trobrianders of new guinea the chapters of this book include magic science and religion primitive man and his religion rational mastery by man of his surroundings faith and cult the creative acts of religion providence in primitive life man's selective interest in nature etcetera this book is being republished now in an affordable modern edition complete with a specially commissioned new biography of the author

one of the most fascinating men of his generation W H R Rivers was a British doctor and psychiatrist as well as a leading ethnologist immortalized as the hero of Pat Barker's award winning regeneration trilogy Rivers was the clinician who in the First World War cared for the poet Siegfried Sassoon and other infantry officers injured on the Western Front his researches into the borders of psychiatry medicine and religion made him a prominent member of the British intelligentsia of the time a friend of H G Wells George Bernard Shaw and Bertrand Russell part of his appeal lay in an extraordinary intellect mixed with a very real interest in his fellow man medicine magic and religion is a prime example of this a social institution it is one of Rivers' finest works in it Rivers introduced the then revolutionary idea that indigenous practices are indeed rational when viewed in terms of religious beliefs

this book is a survey summarising the approaches taken to religion and magic by the principal scholars in the preceding and present centuries it is simple straightforward and short with a clear easy to read style it is the perfect reference tool for students introducing them to the main theories and debates in a readable and informative manner key features prepares student for more complex texts on religious studies and the idea of religion addresses contemporary as well as historical ideas and figures includes contextual details on scholars over forty individuals covered including Hegel Marx Engels Weber Frazer Freud Jung Durkheim Levy Bruhl Skorupski Levi Strauss Lawson McCauley

in these articles John Henry argues on the one hand for the intimate relationship

between religion and early modern attempts to develop new understandings of nature and on the other hand for the role of occult concepts in early modern natural philosophy focussing on the scene in england the articles provide detailed examinations of the religious motivations behind roman catholic efforts to develop a new mechanical philosophy theories of the soul and immaterial spirits and theories of active matter there are also important studies of animism in the beginnings of experimentalism the role of occult qualities in the mechanical philosophy and a new account of the decline of magic as well as general surveys the collection includes in depth studies of william gilbert sir kenelm digby henry more francis glisson robert boyle robert hooke and isaac newton provided by publisher

study of religion and magic in pune india

recent years have brought rich additions to the materials for the study of early religion ritual magic and myth in proportion to the abundance of information has been the growth of theory and hypothesis the first essay in this collection science and superstition points out the danger of allowing too ingenious and imaginative hypotheses to lead captive our science

during the middle ages many occult rituals and beliefs existed and were practiced alongside those officially sanctioned by the church while educated clergy condemned some of these as magic many of these practices involved religious language rituals or objects for instance charms recited to cure illnesses invoked god and the saints and love spells used consecrated substances such as the eucharist magic and religion in medieval england explores the entanglement of magical practices and the clergy during the middle ages uncovering how churchmen decided which of these practices to deem acceptable and examining the ways they persuaded others to adopt their views covering the period from 1215 to the reformation catherine rider traces the change in the church s attitude

to vernacular forms of magic she shows how this period brought the clergy more closely into contact with unofficial religious practices than ever before and how this proximity prompted them to draw up precise guidelines on distinguishing magic from legitimate religion revealing the necessity of improving clerical education and the pastoral care of the laity magic and religion in medieval england provides a fascinating picture of religious life during this period
