read by millions since its launch in 2004 bldgblog is the leading voice in speculation about architecture landscape and the built environment now the bldgblog book distills author geoff manaugh s unique vision offering an enthusiastic idea filled guide to the future of architecture with stunning images and exclusive new content from underground exploration to the novels of j g ballard from artificial glaciers in the mountains of pakistan to weather control in olympic beijing the bldgblog book is part conceptual travelogue part manifesto part sci fi novel according to joseph grima executive director of new york s storefront for art and architecture bldgblog is something new and substantially different from anything else i have seen says errol morris director of fast cheap out of control and the academy award winning documentary fog of war secretly i had always hoped it would become a book geoff manaugh has provided the reader with an excursion into a new world part digital fantasy part reality at the intersection of art architecture landscape design and pure ideas like the blog the book is personal idiosyncratic and best of all incredibly interesting

in this highly pertinent issue guest editor nic clear questions received

notions of the future are the accepted norms of economic growth and expansion the only means by which society can develop and prosper should the current economic crisis be making us call into question a future of unlimited growth can this moment of crisis economic environmental and technological enable us to make more informed choices about the type of future that we want and can actually achieve architectures of the near future offers a series of alternative voices developing some of the neglected areas of contemporary urban life and original visions of what might be to come rather than providing simplistic and seductive images of an intangible shiny future it rocks the cosy world of architecture with polemical blasts draws on topics as diverse as synthetic space psychoanalysis postmodern geography post economics cybernetics and developments in neurology includes an exploration of the work of jg ballard features the work of ben nicholson

typeface classic typography for contemporary design is a unique sourcebook featuring forty six classic typefaces that continue to resonate with today s most influential graphic designers inside cover

agenda occupies the territory between a monograph diary and a collection of essays interviews and conversations produced by jds architects with a wide range of contributors and collaborators starting from the belief that an agenda is not simply an expression of individual intentions but rather a vector for the production of new realities agenda addresses the need for architecture to transform itself in an era of ecological and economic crisis change the buzzword of the last u s presidential campaign is indeed the order of the day and agenda explores exactly what kind of change will be needed if architects are to assume a political and social agency in this new landscape the book seeks to define not only the work of jds architects but also the challenges and situations confronting young architectural practices emerging at a time of crisis an ambitious attempt to describe the conditions within which architecture is produced today

formerly announced as maps and territories this collection of essays written by landscape historian alessandra ponte begins with an investigation of the american obsession with lawns and then continues to collectively map the aesthetic scientific and technological production of past and present north american landscapes these include the american desert as a privileged site of scientific and artistic testing the faraway projects of electrification of the canadian north the transformation of the notion and perception of waste and wasteland during the twentieth century the photographic medium and its encounters

with native americans as well as an introductory essay the map and the territory written specifically for this volume
