offers an inside look at how real businesses actually operate revealing how consumers can use this knowledge to their benefit

when president bush promoted shopping as a patriotic duty the american culture of consumption hit a new low but a quiet revolution is growing in the developing world and in a new generation of americans fighting the advance of the shopping malls and the desolation they leave behind written by one of the most insightful critics of american commercialism the business of america probes the forces that have transformed citizens into consumers eager to take as much as they can from the planet from on line shopping to spectator sports to the cash and carry ethos of political campaigns saul landau decodes the subtle ways in which advertising images tell us to correct our inadequacies with more things suvs credit cards air conditioning video games the winds of change are blowing landau shows from resurgent student protests for underpaid janitors to the group of 21 the developing countries that stopped the world trade organization dead in its tracks in 2003 eschewing nostalgia for a simpler time a less interconnected world that can never return the business of america shows how we as citizens can regain our identities stripping away the plastic overlay of consumerism

in 1983 billionaire ted leonsis survived a near fatal plane crash during those moments of terror ted came to the realisation that despite all of his wealth and business success if he was going to die he wouldn't be dying happy ted's subsequent quest to find happiness led him to the startling conclusion that happy people share six key traits and even more surprising was his discovery that these six tenets of happiness lead to even greater business success in the business of happiness ted uses these six traits to demonstrate the correlation between happiness and success and uses them to create a blueprint for constructing a life of real valued happiness and joy in the work you do the business of happiness is the book is for any business person who is looking for success whether it be making more money having more clout being more powerful more effective or more confident by following ted's advice you can be more successful and happier in your job so that the daily grind is no longer quite such a grind

in the face of limited progress toward meeting millennium development goals or addressing climate change and resource degradation increasing attention turns to harnessing the entrepreneurial innovative managerial and financial capacities of business for improved social and environmental outcomes a more proactive role for business in sustainable development is especially

pertinent in sub saharan africa which has been plagued by conflict and poverty but shows signs of a brighter future as the world s second fastest growing region the book considers how the socio economic context influences the objectives of social innovation and even our definition of what we mean by social innovation secondly the book aims to show how social innovation initiatives emerge and fare in context of the limited ability of many african countries to provide public goods and services

the long awaited update of the classic guide to outperforming the competition using herrmann international s trademark whole brain methodology packed with new research updated examples and more actionable content the whole brain business book outlines four basic thinking styles administrator talker problem solver dreamer corresponding to the four quadrants of the brain and explains that many are dominated by only one quadrant by getting out of the brain rut and channeling all four quadrants business people and organizations can become more flexible creative and competitive herrmann nehdi uses her extensive research and experience working with her father and expert practitioners across the globe to highlight new research developments replace outdated information incorporate new stories and real world examples while building on the core applications of the whole brain business book
