this very personal account provides unique insights into the training and life of a dedicated obstetrician and gynaecologist there are also fascinating accounts relating the history of the profession dr miller underwent extensive training both in australia and overseas prestigious institutions in addition to delivering well in excess of fifteen thousand babies in his private practice in his long career he was responsible for numerous thousands more in his roles as medical superintendent of the then largest maternity hospital in the state and specialist consultant in charge of units in large teaching hospitals he was also a specialist surgeon the book is eminently readable and although there are descriptions of obstetric procedures and surgical operations it is certainly not a medical text his credo to be a good doctor one needs knowledge proficiency in his craft compassion and humility otherwise he will be merely skilled while dr miller s reminiscences are bound to interest his peers and medical colleagues they are written with a great deal of wit verve and charm and make fascinating reading for the layman the author s lightness of touch makes the memoir accessible and easy to read and while he deals with many topical issues i found the recollection of his experience in delivering one of the first thalidomide babies deeply moving these

moments are balanced by dr miller s obvious pride in his profession and his delight in sharing many amusing anecdotes along the way no reader can close the final page without the feeling an enormous debt of gratitude to those who have have worked so tirelessly in this field to ensure our own or our loved ones safety during pregnancy and childbirth annette gilbert the raven s parlour bookstore

ilya s memoir covers 1941 to 1945

scientific sleuthing and slip ups in the investigations of fifteen famous cases ranging from the turin shroud and the suspicious death of napoleon bonaparte to the murder cases of dr sam the fugitive sheppard and o j simpson a question of evidence takes readers inside some of the most vexing forensic controversies of all time in each case colin evans lays out the conflicting medical and scientific evidence and shows how it was used or mishandled in reaching a verdict among the other cases the assassination of jfk the strange history of alfred packer the only convicted american cannibal the death of vatican banker roberto calvi and the trials of lindy chamberlain the dingo baby case and dr jeffrey macdonald the case recounted in fatal vision though the science of forensics has helped solve a huge number of crimes it s clear from a question of evidence that many cases are more open than shut colin evans pembroke uk is the author of the popular casebook of forensic detection wiley 0 471 28369 x as well as great feuds in history wiley 0 471 38038 5

aimed at undergraduates and officers preparing for promotional examinations in the police force this text features investigative techniques and discussion of technology this edition includes material on larceny offences and crimes against children

as a former director of the police laboratory at new scotland yard mr walls has many stories to tell about the cases he has been involved in

includes the papers and or proceedings of various surgical associations

six years after the publication of his seminal work understanding media the extensions of man marshall mcluhan linked his insights into media to his love of literature and produced from cliché to archetype in the age of electronic retrieval the entire phenomenal universe is at once junkyard and museum cliché and archetype every culture now rides on the back of every other culture in these pages readers learn how to look at stale clichés with fresh eyes as artists do and discover that clichés provide the key to understanding modernism from the puns of james joyce to ionesco s theater of the absurd mcluhan mines the greats of modern literature such as yeats eliot and pound and points the way to richer understanding of their work discussion ranges over conventional topics of literary analysis such as genres esthetics rhetoric paradox

mimesis and parody though never in conventional fashion because McLuhan deliberately stakes his turf in a manner that draws technology and culture together as a result the key terms cliché and archetype are not confined to language but are shown to have counterparts in the non linguistic world
