this major source of chinese mythology third century bc to second
century ad contains a treasure trove of rare data and colorful
fiction about the mythical figures rituals medicine natural
history and ethnic peoples of the ancient world the classic of
mountains and seas explores 204 mythical figures such as the gods
foremost fond care and yellow and goddesses queen mother of the
west and girl lovely as well as many other figures unknown outside
this text this eclectic classic also contains crucial information
on early medicine with cures for impotence and infertility omens
to avert catastrophe and rites of sacrifice and familiar and
unidentified plants and animals it offers a guided tour of the
known world in antiquity moving outwards from the famous mountains
of central china to the lands beyond the seas translated with an
introduction and notes by anne birrell

shan hai jing 山海经 is a blend of rare natural history of geography
customs blog the book relates generally believed that the ancient
myth geography animals plants minerals witchcraft religion history
medicine folk and ethnic content in all aspects shan hai jing

records many folk legends of monsters weird monsters and strange legends which have long been regarded as a book of strange language some contemporary scholars believe that shan hai jing is not only a myth but also a survey record of ancient geography including some ancient clan genealogy sacrificial name is a book of historical value contemporary scholars generally believe that shan hai jing is not a one time book the author is not one person but a collective result of long term accumulation by different eras and different authors

in the four seas and eight wastelands the mystic maiden offered up the secret arts of the mountain and sea realm the seven domains of the nine prefectures and the nine tripod commerce when this cauldron reached ten percent completion the rain of blood would rain down upon the deities and devils the river diagram appeared as did luoshu the human world was in turmoil it was rumored that these nine cauldrons were the ones that had gained the world however he did not know that the treasures of the nine cauldrons were all in the mountain sea secret art that was drawn on the cauldron after that the nine cauldrons sank into the luoshu river disappearing without a trace the five paths of the world the wonder gate the illusion dao the mountain sect the sea sect the scripture pavilion and the five sects heirs each had their own secret treasures all for the sake of obtaining the mountain sea secret arts within the nine cauldrons this fight lasted for thousands of years

this is a full version of ancient mythology in english worth everyone's collection this is a completely retranslated version of mote in order to let english readers around the world know the purpose and history of the true history of human civilization and humans built the moon ???

this book includes the history of chinese literature before 1949 it firstly outlines the development process of chinese literature and basic features and then discusses them according to the literary genre for the literature of each era this book gathers established scholars in the field and presents their latest research in the chinese literature history studies moreover it has included the literature history of different nationalities in the history of china and the records of folk literature history reflecting literature from different classes in the limited space of this book the writers who have been loved by the chinese people for three thousand years are discussed such as qu yuan tao yuanming li bai du fu su shi xin qiji yuan haowen nalan xingde and so on careful elaborations are made on each writer together with quotations and analysis of their work

this book conducts a systematic research on the basic theoretical system of ethnogeography area differentiation and spatial changes of ethnic community national ecological outlook on human land relations geographical distribution of various nationalities in the world and historical geographical background of regional ethnic composition from the perspective of the development of the discipline through comprehensive review of the basic materials development process and research status of ethnogeography the book reveals the basic theoretical issues of the basic concepts subject attributes research objects contents and methods of ethnogeography and initially sets up the basic framework for the study of ethnogeography
