holding on to what is sacred written by dr randy haffner lays out a persuasive visionfor how organizations can stay focused on their true values the most intriguing aspect of the monograph is dr haffner s concept of confessional identity it seeks the spiritual heart of an organization s reason for being why because so much is at stake your employees need to know why you exist and why their efforts matter your customers need to know why you really care your leaders need to embrace your core convictions whole heartedly or they will lose direction

are physicians a mystery to many of us yes physicians perform one of the most valuable personal services in the world they care for our bodies in the most intimate of ways we place our lives in their hands and trust they have our best interest at heart but how much do we really know of physicians and their inner world relatively little the environment for practicing medicine has changed dramatically over the past few decades the commoditizing of physicians and their work frequently causes a dehumanization of the doctor and the doctor patient relationship not to mention the connections between physicians and other staff due to the training practice culture constraints liabilities and pressures placed on physicians today they often cannot practice the kind of personalized relationship enhancing medicine that would benefit both patient and caregiver in this monograph dr herdley paolini does a great service by opening the inner world of physicians and helping us understand them how to relate to them and how to best support them in their critical role in healthcare her insights will be of great value to everyone from hospital administrators and clinical staff to insurance providers government agencies and anyone who interacts with physicians the florida hospital healthcare leadership monograph series is an innovative teaching and learning tool from the largest admitting hospital in america monographs in this series provide focused relevant training to individuals and organizations on a wide variety of healthcare and leadership topics ideal for healthcare professionals leadership innovators researchers teachers students and other pioneering professionals each volume provides the latest information and break through thinking on the subject in a clear concise readable form

simple solutions that everyone can do to create an exceptional patient experience hospitals are so clinically oriented they often overlook the emotional and relational aspects of patient care which is how many patients judge their experience when caregivers let patients know who they are what they do and why they care it creates a great sense of hope trust and belonging

amy robertson has taken her experience of starting a music therapy program from scratch at the largest admitting hospital in america and provided step by step instructions on how others can do the same
