a splendid re publication of an indispensable book on german history

en bog om hans delbrück 1848 1929 militæreteoretiker i det kejserlige tyskland men især en redegørelse for delbrücks militærpolitiske tanker og teorier

in the wake of the fischer controversy on the origins of world war i there emerged in west germany a younger generation of historians who took a critical revisionist view of the bismarckian empire and began to analyze the political development of the hohenzollern monarchy against the background of the country s social and economic power structures professor wehler became one of the most prominent exponents of this approach and his structural analysis of the kaiserreich created a considerable stir when it was first published it has since with its incisive and rigorous analysis become a classic in the field

contains 25 essays written primarily by australian and new zealand historians organized into three sections the perceptions and policies of the great powers during the period from 1870 to 1919 the view of the world as perceived both by the pacific dominions and by the rising imperial power of japan and the complex character of the political culture of imperial germany and australia s historiography on dominion participation in ww1 annotation copyrighted by book news inc portland or

pulzer deals with the three attempts to build a german nation state between 1871 and 1945 and the reasons for their failure his focus is the tension between authoritarian and democratic forces and the emergence and influence of interest groups

a brilliant survey from roman germaniato bonn s recent reconciliation with moscow this up to date and authoritative new work provides a much needed guide to modern german history the german quest for national unity and power which led to the establishment of the hohenzollern empire under bis marck in the nineteenth century and the catastrophe of the third reich under hitler in the twentieth is placed in the context of german history since antiquity in this concise interpretive survey addressed to the general reader interested in european history and international relations it will also be useful to students journalists librarians and anyone needing a lucid introduction to the background of postwar germany and its role in the contemporary world this

concise account of the impact of complex factors in the middle ages and early modern period on the course of more recent german history is complemented with a dozen original maps a brief chronology and a selected bibliography

german literature about america has consistently occupied a marginal position in both german and american studies this study attempts an overall interpretation of such nineteenth century literature by charting its most significant narratives narratives are thus shown to be embedded and generated in a bicultural or multicultural setting derived from historical givens as well as from the possibilities inherent in fabrication the result is the illumination of an area previously neglected in literature revealing not only intricate literary creations but also significant insights about culture canonicity and the construction of national identities

from the middle ages to the twenty first century india has held a fascination in the german imagination not only as geographical location but also as a philosophical and spiritual concept similarly india has long held an interest in german language and culture including wide recognition of several german authors philosophers and indologists this cross cultural interest between the indian subcontinent and the german speaking world has manifested itself in literature linguistics the performing arts religion philosophy history politics and many other fields concepts and names that mark some of the channels of exchange and communication between the two cultures include balthasar sprenger bartholomäus ziegenbalg kalidasa tm s sakuntala herder the schlegel brothers hegel schopenhauer heine nietzsche max mülller hermann hesse rabindranath tagore the ideology of the aryans subhash chandra bose and his affiliation with hitler gandhi annemarie schimmel günter grass and others in recent years orientalist studies postcolonial studies intercultural german studies and transnational studies have given new impetus and directions to the interest in indo german relations the aim of this book is to achieve an overview over the current state and trends of research in this field
