presents a comprehensive reference guide with more than 480 entries on the subject of witchcraft

a compelling study of myth fear and folklore the book of witches examines the origins ancient magic and enduring power of the witch throughout history witches have haunted the human imagination for centuries feared revered hunted and misunderstood from the sacred temples of ancient goddesses to the burning pyres of witch trials oliver madox hueffer follows the evolution of the witch across cultures and centuries exploring the origins of witchcraft its rituals and persecutions he uncovers forgotten charms and traditional rituals superstitious anxieties and arcane lore first published in 1909 the book of witches remains a fascinating account of the beliefs practices and cultural tensions that shaped the witch s story across ages and continents

the author of the popular encyclopedia of 5 000 spells and encyclopedia of spirits now explores the exciting magic and power of the mystical world of witches in encyclopedia of witchcraft a comprehensive reference book that covers everything you ever wanted to know about this fascinating topic folklore expert judika illes introduces readers to mythic witches modern witches sacred goddess witches even demon witches male and female witches witches from all over the globe she takes readers on an enchanting tour through witchcraft s history mythology and folklore where they will discover a miscellany of facts including magic spells rituals potions recipes celebrations traditions and much more

this complete history of witchcraft from ancient greece to the present day charts the rise and development of witchcraft and the modern witchcraft religion of wicca this in depth investigation discovers how the ideas we have about witchcraft took shape thousands of years ago in the myths and religions of the ancient world it looks at why these ideas were expressed so violently during the era of the witch trials and reveals how witchcraft has been transformed into one of the most radical and fastest growing religions of our age a religion of

equality and compassion that still has the power to unsettle even the bravest amongst us with fresh insights and previously unpublished material drawn from the author's doctoral research into the mysticism, magic and social meaning of Wicca, this is the first book to bring witchcraft fully out of the shadows.

Everything you need to know about the witchcraft from best-selling Wicca author Lisa Chamberlain. Witchcraft is a word that for some may inspire fantastical images of women flying through the night sky on broomsticks and shooting sparks out of a glimmering wand. Others mistakenly associate those who practice witchcraft with the dark arts, believing witches go around hexing people or practicing black magic to cause trouble for people they dislike. Of course, none of these notions are accurate; they are rooted in old fairy tales, Hollywood movies, and stubborn, persistent misconceptions that still cloud many people's understanding of this timeless and magical way of life. The truth is, witchcraft is not fantasy and is not inherently malicious. I ask you to leave these misconceptions at the door when you've done this: you're ready to embark on a journey to understand the truth about witchcraft. That it is a vibrant, nature-based spiritual practice that is alive and well in our modern times, just as it has been for longer than we've been recording history, rather than hexing witches work their craft to enhance their lives and the lives of those around them. If you feel like your life is missing something, a little bit of magic could be all you need to give you a push in the right direction. A magical calling are you ready to practice magic? Perhaps you've had inklings on and off throughout your life that there's something just a little bit different about you, something about the way you perceive the world that isn't quite shared by most people around you, but is difficult for you to explain. Maybe you sometimes get hunches or premonitions about things that shortly come to pass. In fact, if you're drawn to this book, it's likely that you have more than once felt a sense that there's another layer of reality underneath what you can observe with your five senses, and that somehow you are meant to learn to understand it. If you can only find the right resources and the right path, if so, this guide is a great place to start your search, as we'll be covering the principles of witchcraft in detail throughout these pages to give you the solid grounding you need to start practicing the craft. Everything you need to start practicing witchcraft, in addition to the misconceptions surrounding witchcraft, there is also a lot of disagreement among witchcraft authors about the best way to practice the craft. Contained within this book, you'll find all the information you need with absolutely no agenda. This empowers you to make up your own mind about which direction you take on this most personal of journeys. Read the information with an open mind, decide which ideas resonate with you the most, then you're equipped to take your first steps towards a magical new life. The guide begins with an overview of the historical and cultural contexts from which contemporary witchcraft has evolved, as well as the general beliefs and observances rooted in the natural world that characterize the widely varied forms and expressions of this dynamic spiritual practice. We then dive into the core concepts discovered in antiquity and used for centuries to explain the why and how of magic. This includes a look at how our understanding of witchcraft has changed in today's scientific society, to outline the many paths available to the new witch. This guide also includes a breakdown of the most popular branches of witchcraft, including an in-depth look at the fast-growing Wicca religion. Finally, you'll get a brief introduction to the practice of the craft through a look at a few common forms of magic: creative visualization, invocation, and candle magic. In other words, witchcraft for beginners will teach you everything you need to know to start practicing witchcraft today.

The Routledge History of Witchcraft is a comprehensive and interdisciplinary study of the belief in witches from antiquity to the present day, providing both an introduction to the subject of witchcraft and an overview of the on-going debates. This extensive collection covers the entire breadth of the history of witchcraft, from the witches of ancient Greece and medieval demonology through to the victims of the witch hunts and onwards to children's books, horror films, and modern pagans. Drawing on the knowledge and expertise of an international team of authors, the book examines differing concepts of witchcraft that still exist in society and explains their historical, literary, religious, and anthropological origin and development, including the reflections and adaptations of this belief in art and popular culture. The volume is divided into four chronological parts: beginning with antiquity and the Middle Ages in Part One, early modern witch hunts in Part Two, modern concepts of witchcraft in Part Three, and ending

with an examination of witchcraft and the arts in part four each chapter offers a glimpse of a different version of the witch introducing the reader to the diversity of witches that have existed in different contexts throughout history exploring a wealth of texts and case studies and offering a broad geographical scope for examining this fascinating subject the routledge history of witchcraft is essential reading for students and academics interested in the history of witchcraft

originally published in 1908 the book of witches is a popular history and overview of witchcraft by oliver madox hueffer 1876 1931 a prolific writer and journalist who was renowned for his sexual and other exploits the book of witches is not an exhaustive treatise on witches and witchcraft treated scientifically historically and so forth the author endeavors to produce a picture from which a general impression may be gained he shows whence the witch came and why as well as what she was and is to point out how necessary she is and must be to the happiness of mankind and how great the responsibility of those who seek to infect others with their skepticism because they do not believe in her
