atomic power with god thru fasting and prayer is a short work by the spirited evangelist franklin hall the book describes how prayer during extended fasts can heal the body and soul and bring practitioners greater spiritual power to exalt and glorify jesus christ franklin hall was born in coffeyville kansas in 1909 hall s father died when franklin was only twelve leaving him distraught with both his loss and the responsibility of supporting his mother and five younger siblings during these hard times he looked to the local pentecostal church for guidance the church became a major influence on the lives of the young hall children and their widowed mother who remarried the reverend soon after

hall began his own traveling ministry during the great depression but he didn't become well known among evangelicals until the release of his first book *Atomic Power with God* through fasting and prayer in 1946. In the book, hall described his own introduction to fasting and prayer through friendship with an Oklahoma family advocating the practice. In 1932, he fasted and prayed with them in anticipation of a large revival, and at the ensuing event, scores of people were healed of all types of afflictions. He became convinced of the power of fasting and began to preach its efficacy as he traveled. In 1946, a group of holy ghost people began a long session of prayer and fasting lasting between ten and forty days. According to hall, they experienced a great spiritual awakening; some even found healing of physical ailments during the fast. As word of the event spread, hall found that there was heavy demand for more information about the power of fasting and prayer. Later that same year, hall wrote *Atomic Power*, the book that explores how fasting intensifies prayer by bringing unity and filling us with the glory of God through the combination of these two acts. He believed one could enhance their spiritual appetites and curtail their hunger, sex, and greed appetites, thereby uncovering their spiritual atomic power with God that lies available to every Christian. Hall acknowledged that fasting and prayer were not new beyond the multiple examples from the Bible and specifically from the life of Christ. He cited the fasting and prayer of Native Americans and Muslims who abstained from food as a regular part of their devotional exercises. In addition to the why of fasting, the book explained how one should fast. A complete fast, hall wrote, should last from the time hunger leaves to the time hunger returns, usually 21 to 40 days. Water should be consumed in abundance to clean out the stomach and intestines of waste, and when it's time to break the fast, hall provided a detailed breakdown of what to eat and when. *Atomic Power* brought success and notoriety to hall, who continued to travel across the country evangelizing to crowds of up to 5,000 people. Immediately after *Atomic Power*, he published *The Fasting Prayer* in 1947 and *Glorified Fasting: The ABC of Fasting* in 1948. He published a total of 17 books during his lifetime. Hall and his wife Helen founded the Hall Deliverance Foundation in the mid 1950s. This alliance of churches and ministries followed hall's teachings for fasting and prayer. The couple also started *Miracle Word*, a ministry newsletter that had 24,000 subscribers worldwide at its peak. Some other evangelists and Pentecostals did not agree with hall's teachings. Still, fasting had staunch believers through the 1950s and beyond, including some notable evangelists like Gordon Lindsay, William Branham, and Orval Jagers. Hall's work has now been inspiring Christians to explore the benefits of fasting on their physical and spiritual health for over 70 years.

In this transformative work, Franklin Hall explores the ancient practice of fasting as a powerful spiritual discipline. First published in 1946, *The Fasting Prayer* has inspired countless individuals to embark on fasting journeys for physical, mental, and spiritual renewal. Hall explores the profound effects of fasting on the body, mind, and soul. He shares

fasting like prayer is an integral part of the word of god to dispute this would be as foolish as denying that water is wet in glorified fasting franklin hall passionately explores the significance of fasting for christians he invites us to stand fast on this irrevocable tradition which we have been taught in the word by doing so we honor jesus and allow his glory to shine forth this volume seeks to popularize one of the most downtrodden biblical subjects the practice of fasting hall's mission is to reestablish fasting's rightful place in the gospel revealing its glorious aspects as we delve into this tremendous portion of the word we discover an avenue to immense power and glory with jesus fasting praying crying and mourning for souls become our tools wielded without selfish motives by uniting as pillars of faith we prepare for the last day signs that approach us tragedy destruction persecution armed with an effective weapon for the glory of jesus however hall is clear fasting is not a cure all for spiritual moral or bodily complaints instead he emphasizes its importance to prevent god's people from drifting away from the old time faith and succumbing to modernism

the church's loss of spiritual power stems from neglecting fasting the mighty weapon jesus prescribed when he said this kind goeth not out but by prayer and fasting the early church's strength flourished through extended fasts like those of moose elijah and christ this practical guide outlines fasting protocols health benefits testimonies of healing and restored spiritual gifts and menus for breaking fasts calling believers to reclaim the ancient discipline that conquers unbelief and restores apostolic power

children are treated differently compared to adults in many domains including in health care education employment and criminal justice the differential treatment of children to adults and in the case of younger children and adolescents to each other makes it both practically and theoretically important to examine the justification of when and why this treatment is permissible because the justifications of children s differential treatment typically appeal to foundational normative considerations matters of autonomy responsibility and well being they provoke considerable controversy and disagreement in law and ethics especially though not exclusively in the contexts of health care sexual relations and criminal justice consenting children brings together philosophers and academic lawyers to grapple with these matters and domains and to share disciplinary and interdisciplinary insights and understanding the volume s contributors engage in deep and fruitful discussions of children s consent and responsibility decision making capacity and best interests as well as the role powers and duties of parents and state institutions the volume lays the groundwork for future engagement in the legal and philosophical literature with the controversies raised by children s autonomy responsibility and well being and the myriad interactions between them concerning children s consent
