no gamble in history has been more momentous than the landfall of columbus s ship the santa maria in the americas in 1492 an event that paved the way for the conquest of a new world the accounts collected here provide a vivid narrative of his voyages throughout the caribbean and finally to the mainland of central america although he still believed he had reached asia columbus himself is revealed as a fascinating and contradictory figure fluctuating from awed enthusiasm to paranoia and eccentric geographical speculation prey to petty quarrels with his officers his pious desire to bring christian civilization to savages matched by his rapacity for gold columbus was nonetheless an explorer and seaman of staggering vision and achievement

from the author of the magellan biography over the edge of the world a mesmerizing new account of the great explorer christopher columbus s 1492 voyage across the atlantic ocean in search of a trading route to china and his unexpected landfall in the americas is a watershed event in world history yet columbus made three more voyages within the span of only a decade each designed to demonstrate that he could sail to china within a matter of weeks and convert those he found there to christianity these later voyages were even more adventurous violent and ambiguous but they revealed columbus s uncanny sense of the sea his mingled brilliance and delusion and his superb navigational skills in all these exploits he almost never lost a sailor by their conclusion however columbus was broken in body and spirit if the first voyage illustrates the rewards of exploration the latter voyages illustrate the tragic costs political moral and economic in rich detail laurence bergreen re creates each of these adventures as well as the historical background of columbus s celebrated controversial career written from the participants vivid perspectives this breathtakingly dramatic account will be embraced by readers of bergreen s previous biographies of marco polo and magellan and by fans of nathaniel philbrick simon winchester and tony horwitz

continued from second series 65 translated and edited with additional material and introduction and notes and a supplementary introduction by e g r taylor enlarges on first series 43 1870 this is a new print on demand hardback edition of the volume first published in 1933 owing to technical constraints it has not been possible to reproduce the maps to illustrate the third voyage fourth voyage which appeared in the first edition of the work

relaas van de vier reizen die christofer colombus verricht heeft om de nieuwe wereld te ontdekken
