meredith belbin s work on teams has become part of everyday language in organizations all over the world all kinds of teams and team behaviours are covered at the end of the book is a self perception inventory so that readers can match their own personalities to particular team roles management teams is required reading for managers concerned with achieving results by getting the best from their key personnel

this dissertation examines the extent to which chief executive officers ceos in academic and research libraries are involving their top management team tmt members in strategic decision making that affects organizational performance and the extent to which this involvement is preparing top managers to assume their leadership positions as ceos this is a critically important question because the current leadership in libraries is ageing out and unless knowledge skill and ability transfer is taking place within today s academic and research library environment the next generation of leaders will be at risk of losing the opportunity to incorporate the cumulative knowledge and experience of their predecessors into their leadership portfolios strategic decision making is one of the most important aspects of a top executive s job to better understand the dynamics taking place within top management teams that influence strategic decision making and top managers roles in strategic decision making processes in libraries 34 top managers and their ceos from academic libraries were invited on the dynamics surrounding strategic decision making in their organizations semi structured interviews were carried out with participants the results shed considerable light on their richly nuanced relationships that top managers have with one another and with the ceo and how these relations impact strategic decision making the study also revealed demographic characteristics of top managers that are related to strategic decision making within the tmt key strategic decisions that tmt members were involved in and their role in the decisions were examined in relation to the strategic issues that ceos pointed to as important a comparison of these citations revealed a series of variables that influence co citation of strategic issues by both ceos and tmt members

since the emergence of the upper echelons ue perspective introduced by hambrick and mason 1984 numerous research studies in the management field have focused on the top management team tmt characteristics often through the analysis of demographic variables to measure their impact on firm performance because the use of demographic variables yielded inconsistent study results many later studies have built on ue literature by adding a variety of constructs onto the original ue model this thesis presents a summary and review of past research findings concerning the tmt influence in driving organizational outcomes from a theoretical perspective this paper will examine the relationship between top executives and firm performance in the context of four distinct areas cognitive and behavioral perspective ceo impact environmental influence and demography after analyzing the existing ue literature this paper presents a research opportunity that may provide an important avenue for future ue studies

comprehensive study of the role of top management in contemporary business organization comprises a profile of the executive manager in developed countries his educational level social status skills job requirements programme planning and decision making activities and discusses computerization management information systems investment policies innovation multinational enterprise strategy and the social role of business flow charts references and statistical tables
