please note this is a companion version not the original book sample book insights 1 when xi jinping took office in 2013 china observers in america did not yet know what to make of him he seemed like a harmless looking man of sixty with thick black hair and a genial smile but he had a dream of a resurgent china that would reclaim its rightful place atop the global hierarchy 2 the chinese monument that stands in tiananmen square is a perfect symbol of the relationship between china and the united states china s day of justice is coming and it will be directed at america 3 the chinese had a fascination with charles darwin and thomas huxley s works and they adopted the idea of natural selection as tao tai or elimination which would come to dominate the chinese understanding of darwin s thought 4 american experts on china failed to take this book seriously it was never translated into english and chinese leaders read it the book taught lessons similar to those in the warring states era about how to use deception and avoid encirclement

traditional chinese edition of the hundred year marathon chinas secret strategy to replace america as the global superpower by michael pillsbury pillsbury is the director of the center on chinese strategy at the hudson institute one of the most senior china experts in the us government he has served presidents from richard nixon to barack obama in traditional chinese annotation copyright tsai fong books inc distributed by tsai fong books inc

will there be war with china this book provides the most complete and accurate assessment of the probability of conflict between the united states and the rising asian superpower equally important it lays out an in depth analysis of the possible pathways to peace written like a geopolitical detective story the narrative encourages reader interaction by starting each chapter with an intriguing question that often challenges conventional wisdom based on interviews with more than thirty top experts the author highlights a number of disturbing facts about china s recent military buildup and the shifting balance of power in asia the chinese are deploying game changing carrier killer ballistic missiles some of america s supposed allies in europe and asia are selling highly lethal weapons systems to china in a perverse twist on globalization and on the u s side debilitating cutbacks in the military budget send a message to the world that america is not serious about its pivot to asia in the face of these threatening developments the book stresses the importance of maintaining us military strength and preparedness and strengthening alliances while warning against a complacent optimism that relies on economic engagement negotiations and nuclear deterrence to ensure peace accessible to readers from all walks of life this multidisciplinary work blends geopolitics economics history international relations military doctrine and political science to provide a better understanding of one of the most vexing problems facing the world

an expert lineup of contributors fill in the methodological and intellectual gaps in the field of comparative international law

a timely provocative exposé of america s political and business leadership s deep ties to china a network of people who believe they are doing the right thing at a profound and often hidden cost to american and western interests the past few years have seen a shift in the relations between china and the united states from enthusiastic economic partners to wary frenemies to open rivals americans have been slow to wake up to the challenges posed by the chinese communist party why did this happen and what can be done about it in america second isaac stone fish traces the evolution of the chinese communist party s influence in america he shows how america s leaders initially welcomed china s entry into the us economy believing that trade and engagement would lead to a more democratic china and he explains how despite the fact that this belief has proved misguided many of the country s businesspeople and politicians have become too dependent on china to challenge it america second exposes a deep web of chinese influence in america built quietly over the years

through prominent figures such as former secretaries of state henry kissinger and madeleine albright disney chairman bob iger and members of the bush political dynasty and it shows how to fight that influence without being paranoid xenophobic or racist this is an authoritative and important story not only of corruption but of misplaced intentions with serious implications for the future of the united states as well as for the world at large

in when men think private thoughts you ll travel the inner recesses of a man s mind to unravel the complex centuries old questions that shape a man s identity and self concept you ll learn how a man s sense of self begins to form even before birth and how the terrain between childhood and manhood affects his adult relationships spiritual life and more
