in 1793 lord george macartney and an enormous delegation including diplomats doctors scholars painters musicians soldiers and aristocrats entered beijing on a mission to open china to british trade but macartney s famous refusal to perform the traditional kowtow before the chinese emperor was just one sign that the two empires would not see eye to eye and the trade talks failed the inability to develop a trade relation would have enormous consequences for future relations between china and the west peyrefitte s vivid narrative of this fascinating encounter is based on extraordinary source materials from each side including the charming and candid diary of thomas staunton the son of one of macartney s aides an example of history at its finest the immobile empire recaptures the extraordinary experience of two great empires in collision sizing each other up for the first time

enter america the ambitious upstart power that represents the next generation of imperialism also seeking to gain control over the ever elusive prize china book jacket

is it america s historic destiny to be the last of the hegemons hegemonic states are very special countries that have simultaneously dominated the world both economically and politically and it seems increasingly likely that no country can follow the usa in this role in this intellectual and creative tour de force peter taylor famous as the creator of world systems political geography examines hegemony as a concept in social practices and by using the experience of the three classic hegemonies 17th century holland 19th century britain and 20th century america to provide a breathtaking new perspective on world history political ideas and the nature of modernity professor taylor weaves a rich tapestry of historical insight with arresting detail and innovative synthesis to show how for each hegemon political and economic dominance led to cultural

power which shaped the entire world system but in a fin de siecle world with little prospect of a new hegemonic order are we perhaps facing the end of the world as we know it in this constantly challenging intriguing and original book the reader will find a compelling disturbing yet exhilarating distillation of history politics economics culture and ideology of the last four centuries it will be the key book for students of politics geography and history and for the general reader who wants to understand where today s world has come from and where it is going

the city s historic past and vibrant present are a source of pride to chinese and of fascination to foreign visitors this annotated bibliography will be of value to visitors scholars general readers and all those who wish to gain a better understanding of the city and its vital place in china s history

this complex work explores constellations of encounters and evidence of import in various contexts ranging from oxford to the popular stage in bombay and from north america s various negotiations of its putative european ancestries to shakespeare s reception in africa as compared with that in europe and the americas

some programs include also the programs of societies meeting concurrently with the association

this is the first systematic analysis of the constitutional legal economic social and political systems of hong kong as a special administrative region of china it examines the basic law against its historical and socio economic contexts including its international and domestic foundations and the loss and the resumption of sovereignty by china the author offers a conceptualization of the basic law and locates it within china s constitutional political and legal systems the book explores the balance as well as the tensions between the autonomy of hong kong and the sovereignty of china which are aggravated by the necessity to accommodate contrasting economic and political systems it also identifies key legal and political problems

that are likely to arise in implementing the basic law and suggests an approach to its interpretation the basic law provides a fascinating example of the interaction of widely different traditions of law politics and economy and a novel system of autonomy its study is therefore of great interest to scholars of comparative law and politics book jacket title summary field provided by blackwell north america inc all rights reserved

this work offers a history of the pacific as a frontier of the united states using economics politics and culture as its central areas of consideration while many studies have analyzed specific regions within the pacific this work considers the whole of this vast ocean and its coasts as a single unit of study in broadening the scope of analysis one of the author s primary aims is to expand american understanding of the term frontier to include the pacific and its nations it covers periods stretching from 1784 the year the first ship flying the american flag reached china to 1867 the eve of the civil war during this period america s presence was expanding throughout the entire ocean it also covers the period from 1868 to pearl harbour in 1941 witnessing a simultaneous contraction of the area within which various american interests were active and a gradual integration of the frontier region finally world war ii marks the beginning of the period which concludes in 1994 during which heffer argues the entire pacific becomes an american lake and the former frontier begins to disappear
