what is the soul and how do we come to know it what is its journey in life and what stages and obstacles are encountered along the way these questions are explored here in detail according to the diamond approach a spiritual path that combines systematic inquiry into personal experience the practice of traditional spiritual methods and the application of modern psychological research the inner journey home is the centerpiece of the diamond approach literature providing a complete overview of the teaching with references to the author's other books for more details on certain topics

psychologist therapist or coach we hope this because the efficacy of therapy is also proportional to the patient and therapist's openness of consciousness whatever the techniques and methods used. A.H. Almaas still very little known in France in 2025 has been nicknamed the Einstein of psychology and spiritual development for he renewed the field's paradigm as Einstein renewed the theoretical physics paradigm. A nuclear physicist, psychologist, psychoanalyst and founder of a psycho-spiritual school comprising of to date more than four thousand students and teachers in the USA, Canada, United Kingdom, Europe, Australia and Asia, he implements the study and practice of psychology and spirituality with the same precise scientific analysis as when analyzing the intimate physical components of matter. His method, the Diamond Approach, is based on the direct experience and exploration of common and expanded states of consciousness and uses the enneagram as one of its tools. It is a cognitive psycho-spiritual approach allowing for a progressive understanding then an expansion of consciousness from the extreme narrowness of pathological condition to the opening of ordinary consciousness to enlightened consciousness to universal consciousness. This book is the eighteenth publication of the bilingual English-French collection of the Diamond Approach. Original version in English: *The Inner Journey Home: Soul's Realization of the Unity of Reality*. French translation of Michel Costelle: *The Inner Journey Home: Le retour intérieur chez soi*. Tome 1: *Apprendre à être*. Le travail de A.H. Almaas depuis plus de cinquante ans vise à diffuser cet apprentissage du savoir-être et pas seulement auprès des médecins et psychologues. Seize de ses vingt-quatre ouvrages sont déjà traduits et publiés en français et nous projetons de les publier tous dans cette collection bilingue. Nous espérons que dans un avenir le plus proche possible ces ouvrages feront partie de la bibliothèque d'études de base de tout être humain cultivé de tout médecin, psychiatre, psychanalyste, psychologue, thérapeute, coach car l'efficacité thérapeutique est également proportionnelle à l'ouverture de la conscience du thérapeute et de ses patients, quelles que soient les techniques et les méthodes utilisées. Par ailleurs, A.H. Almaas, encore très peu connu en France en 2025, est surnommé l'Einstein de la psychologie et du développement spirituel car il a renouvelé le paradigme comme Einstein a renouvelé celui de la physique théorique. Ce physicien nucléaire, psychologue, psychanalyste, fondateur d'une école psycho-spirituelle de plus de quatre mille étudiants et enseignants à ce jour aux USA, au Canada, au Royaume-Uni, en Europe, en Australie et en Asie, met en œuvre en psychologie et en spiritualité la même précision d'analyse scientifique que lorsqu'il analysait en physique les composants intimes de la matière. Sa méthode, l'Approche Diamant, repose sur l'expérience directe et l'exploration d'états de conscience ordinaires et élargis et utilise l'ennéagramme comme un de ses outils. C'est une approche psycho-spirituelle cognitive favorisant la prise progressive de conscience puis son élargissement à partir de l'étroitesse extrême de la pathologie puis de la conscience ordinaire puis de la conscience éclairée jusqu'à la consc
