this book explores the changing nature of power and identity from the iron age to the roman period in britain it provides fresh insights into the origins and nature of one of the lesser known but perhaps most significant late iron age oppida in britain bagendon in gloucestershire

includes the institute s proceedings

includes sect a survey of literature on the manufacture and properties of iron and steel and kindred subjects title varies

chronicles the naval history of the war of 1812 and the birth of the united states navy when a small american force stunningly defeated the powerful british navy in a series of battles

this book was written at a time when the older conventional diffusionist view of prehistory largely associated with the work of v gordon childe was under rigorous scrutiny from british prehistorians who still nevertheless regarded the arras culture of eastern yorkshire and the belgic cemeteries of south eastern britain as the product of immigrants from continental europe sympathetic to the idea of population mobility as one mechanism for cultural innovation as widely recognized historically it nevertheless attempted a critical re appraisal of the southern british iron age in its continental context subsequent fashion in later prehistoric studies has favoured economic social and cognitive approaches and the cultural historical framework has largely been superseded routine use of radiocarbon dating and other science based applications and new field data resulting from developer led archaeology have revolutionized understanding of the british iron age and once again raised issues of its relationship to continental europe

the principal authority for the general treatment of the history of coal and of iron and steel in alabama is the work of miss ethel armes the story of coal and iron in alabama is a comprehensive and scholarly work portraying in attractive style the growth of the mineral industries in its relation to the development of the state and of the south in preparation of which the author spent more than five years thomas mcadory owen history of alabama and dictionary of alabama biography

published to coincide with the 18th annual conference of the association francais d etude de l age du fer which took place in 1994 in winchester this book brings together 32 essays in english exploring some of the most recent work in wessex archaeology
