a selection of literature formal and integrated assessment in literary analysis reading and writing and integrated technology including audio video computer and internet resources makes literature accessible to students of all learning styles

essays discuss realism futurism dada the grammar of poetry baudelaire shakespeare yeats turgenev pasternak blake and semiotic theory

the language literature provides a framework for analysing language it explores how writers use literary language to create literary texts and helps students use language successfully in their own writing key features covers key skills and topics in

over a period of over forty years geoffrey leech has made notable contributions to the field of literary stylistics using the interplay between linguistic form and literary function as a key to the mystery of how a text comes to be invested with artistic potential in this book seven earlier papers and articles read previously only by a restricted audience have been brought together with four new chapters the whole volume showing a continuity of approach across a period when all too often literary and linguistic studies have appeared to drift further apart leech sets the concept of foregrounding also known as defamiliarization at the heart of the interplay between form and interpretation through practical and insightful examination of how poems plays and prose works produce special meaning he counteracts the flight from the text that has characterized thinking about language and literature in the last thirty years when the response of the reader rather than the characteristics and meaning potential of the text itself have been given undue prominence the book provides an enlightening analysis of well known as well as less well known texts of great writers of the past including keats shelley samuel johnson shaw dylan thomas and virginia woolf

table of contents

a concept driven and assessment focused approach to language and literature teaching and learning approaches each chapter with statements of inquiry framed by key and related concepts set in a global context supports every aspect of assessment using tasks designed by an experienced myp educator differentiates and extends learning with research projects and interdisciplinary opportunities applies global contexts in meaningful ways to offer an myp language and literature programme with an internationally minded perspective

language literature and the learner is an edited volume evolving from three international seminars devoted to the teaching of literature in a second or foreign language the seminars explicitly addressed the interface between language and literature teaching to investigate the ways in which literature can be used as a resource for language growth at secondary intermediate and upper intermediate level this book presents the reader with a practical classroom based guide to how the teaching of language and literature until recently seen as two distinct subjects within the english curriculum can be used as mutually supportive resources within the classroom through essays and case studies it reports on the most recent developments in classroom practice and methodology and suggests ways in which the curriculum could be reshaped to take advantage of this integrated approach the text will be essential reading for students undertaking pgce tesol ma ucles ctefla rsa and teachers diploma courses worldwide students of applied linguistics those on stylistics courses and undergraduates studying english language will welcome it as accessible supplementary reading

the aim of this book is to explain style in terms which do not presuppose too extensive an acquaintance on the part of the reader with linguistic terminology its orientation is not basically theoretical it attempts to provide help in a pragmatic way for those who recognize the importance of language in literature but who do not know where to start or how to exploit the particular knowledge and skills they possess

language through literature provides a definitive introduction to the english language through the medium of english literature through the use of illustrations from poetry prose and drama this book offers a lively guide to important concepts and techniques in english language study among the many topics covered in the book are the form and meaning of words the structure of narrative discourses and the organization of dialogue and conversation each chapter explores a specific aspect of the modern english language using a combination of exposition and practical activities each chapter also provides points for further discussion and includes project work for use individually or as part of a group readers will find the author's selection and presentation of topics helpful as paul simpson progressively widens the scope of topics from single words to the structure of whole conversations language through literature is designed for the non specialist who is new to the study of the english language and will be particularly relevant to anyone interested in the in the relationship between the english language and english literature

using a wide ranging variety of texts the author reviews and evaluates a broad range of approaches to textual commentary introducing the reader to the fundamental

distinction between actual and virtual worlds in critical practice

in literature about language valerie shepherd brings together linguistic theory and literary criticism and examines languages as a theme in a range of literary texts by looking at the work of writers such as swift joyce and sontag she discusses the power of story telling and metaphor to shape our thinking and examines the communicative capacities of non standard english and the strengths of women s writing in a male language world by turning to the work of writers such as hardy cummings lodge and gordimer however she also demonstrates the ways in which language can be constrained by its users and by social and cultural pressures written specifically for a student audience language about literature presumes no prior knowledge of linguistic theory and each chapter concludes with a set of practical exercises an invaluable text for a level and undergraduate students of language literature and communication studies

this student friendly textbook uses the principles of linguistic analysis to investigate the aesthetic use of language in literary and non literary texts
