this book compiles the updated and illustrated essays on grammar and vocabulary of adûnaic and westron previously published on lalaith s middle earth science pages lovers of jrr tolkien s invented languages have mostly disregarded the tongues spoken by the men of nûmenor and middle earth the known vocabulary is small in comparison to the much better documented languages of the elves the grammar is only rudimentary described and relationships between words are difficult to identify yet it is possible to enjoy jrr tolkien s creativity in the lesser languages of middle earth as well this book takes a light hearted view on the grammar analyses the lament of atalantû the only poem tolkien has written in the language of the sunken island of nûmenor and tries to reconstruct the development of the

words used by men and hobbits of middle earth from the second to the third age under the sun 3nd and updated edition
