intentional wrongs negligence strict liability nuisance occupiers and owners of property employers liability products liability defamation right of privacy abuse of legal procedure misrepresentation interference with domestic relations interference with economic relations

john cooke slaw of tort is a trusted clear and engaging explanation of the main principles of tort law written specifically with the student in mind it also includes a statute section at the end of the text and summaries of the main cases throughout meaning that students have everything they need to gain a good understanding of the law at their fingertips

torts personal injury law is a fundamental yet controversial part of our legal system the oxford introductions to u s law torts provides a clear and comprehensive account of what tort law is how it works what it stands to accomplish and why it is now much disputed professors goldberg and zipursky offer both a big picture orientation to torts and a series of detailed maps by which to make sense of its sub topics

the law of torts by philip osborne is an indispensable resource for practitioners judges and students seeking a concise and accessible introduction to the principles of tort law in canada the social policies underlying the law and current trends in judicial decision making the book reviews the foundations characteristics and objectives of tort law generally with specific discussion of the central concepts of negligence intentional torts strict liability and vicarious liability nuisance and defamation it provides insightful analysis of the relationships between tort law and other branches of private law including contract law and restitution and public law particularly the charter of rights and freedoms the fourth edition includes new sections dealing with negligent investigations malicious prosecution and crown prosecutors responsible communication on a matter of public interest reportage and cyber defamation the canadian law of torts is described as it was on 1 january 2011

in recent years most tort lawyers have tended to concentrate upon the primary concern of tort law which is to provide a system of compensation for death and personal injury as a result doubts have arisen as to the extent to which the law of tort should be involved in the protection of economic interests such as business losses caused by competitors and employees and more generally on economic losses caused by negligent conduct this study is the first attempt to examine the concepts

principles and interconnections of tort law and how the legal principles relate to the actual activity of wealth creation and preservation focusing on the nature of the plaintiff's interest the complaint and the action the law is prepared to take this approach will cast new light on the aims functions and justifications both social and doctrinal for the law of tort so far as it is concerned with wealth

both students and instructors will welcome the new edition of Joseph W. Glannon's *The Law of Torts* examples explanations this popular study guide provides clear engaging introductions to the principles of tort law along with interesting examples that illustrate how the principles apply in typical cases these distinctive characteristics earned the book its reputation for effectiveness highly respected author whose best selling civil procedure examples explanations uniquely entertaining writing style that captures and holds student interest coverage of the standard topics from most torts courses intentional torts negligence causation duty damages liability of multiple defendants and the effect of the plaintiff's conduct three chapter section on taking a torts essay exam supplies guidance tips and sample exam questions and answers the third edition introduces important new material two new chapters on products liability one on theories of recovery in strict products liability cases and one on common defenses to strict products liability claims completely updated text with citations reflecting the most current law

this textbook provides insight into the differences commonalities and mutual influence of the tort law systems of various European jurisdictions bringing together national tort law comparative law EU law and human rights law

the fourth edition of this unique casebook has been dramatically revised this new edition presents the important cases statutes empirical data and competing tort theories in a problems oriented format that is designed to help students acquire a sophisticated understanding of tort law through active learning as before the text includes a large number of problems now however the problems updated and considerably expanded are organized in sets at the end of each substantive chapter this extensively re-written and reorganized edition includes the classic common law torts cases but is updated throughout with teachable cutting edge decisions that will demand student interest and hold their attention particular care has been to take account of the most recent commentaries on tort law such as the growing importance of the Restatement Third of Torts chapter one is unique among American torts casebooks in its examination of how the dominant twenty-first century tort theories influence judicial decisionmaking and scholarship that chapter explains six key perspectives on tort law law and economics corrective justice critical race theory critical feminism pragmatism and social justice chapter one references the famous McDonald's hot coffee litigation as a case study to illustrate these perspectives in action subsequent chapters continue to work through that case study and continually reference the perspectives to explain or challenge the decided cases the authors seek to provide students with innovative cases and problems empowering them with practical skills by exposing students to the most important contemporary tort law theories the fourth edition of this casebook encourages students to go beyond passively memorizing case holdings and the voyeuristic experience of reading appellate opinions and truly gain perspectives on tort law this book also is available in a three-hole punched alternative loose leaf version printed on 8 5 x 11 inch paper with wider margins and with the same pagination as the hardbound book

common law torts in business and how to avoid them a handbook for managers explains that a tort is a civil wrong for which the aggrieved party can recover monetary damages at law for his or her injuries and harm tort law is primarily based on the common law that is judge made decisions harkening back to old English days yet tort law today still can have very serious legal consequences for business employers and management accordingly the main objective of this book is to educate managers as to certain fundamental principles of tort law to demonstrate how torts can arise in a business or employment setting and most importantly to show managers how to avoid legal liability under tort law as such throughout the book after each tort is legally examined in a business context the authors provide extensive suggestions and recommendations on how to avoid liability the three main tort doctrines analyzed in the book are intentional torts the tort of negligence and the tort of strict liability for products the authors emphasize the tort law ramifications of each in areas critical to business for example the intentional torts of infliction of emotional distress particularly regarding bullying in the workplace invasion of privacy defamation and fraud as well as the tort of negligence as applied to the hiring supervising and retaining of employees the doctrine of vicarious liability that is liability imputed to the employer based on the wrongful conduct of its employees is also covered in addition to the legal materials presented in the book the authors include a discussion of the related fields of ethics as applied to business corporate social responsibility and sustainability the authors also have provided a glossary of key terms to help managers understand the language of the law and thus better comprehend the legal concepts in this book the overall goal of the authors is to help managers to achieve a workplace that is legal just and successful the authors hope that the aforementioned objectives of their book are attained in a readable enjoyable intellectually stimulating useful and effective manner this book is a useful reading for college students as well as managers human resources professionals and entrepreneurs as they need to ensure a legal safe and healthful work environment for everyone in the organization

the new four volume second edition provides users with authoritative comprehensive up to date discussion and analysis of the legal principles and rules governing tort law tort law is always changing and since the 1st edition was published there have been many changes the second edition has added large amounts of new material to address these changes plus thousands of citations to cases decided or writings new materials cover intentional interference with persons and property as civil

rights torts statutes of limitation and statutory compliance the standard of care for physician assistants and possible shifts in the medical standard of care and much more publisher
