altruistic service as the prerequisite to both social progress and human evolution by 1900 gilman had become an international celebrity but had already faced a scandal over her divorce and abandonment of her child as the years passed her audience shrunk and grew more hostile and she increasingly positioned herself in opposition to the society that in an earlier more idealistic period she had seen as the better part of the self in her final years she unflinchingly faced breast cancer her second husband s sudden death and finally her own carefully planned suicide she preferred chloroform to cancer and cared little for a single life when its usefulness was over charlotte perkins gilman presents new insights into the life of a remarkable woman whose public solutions often belied her private anxieties it aims to recapture the drama and complexity of gilman s life while presenting a comprehensive scholarly portrait
