men with assault rifles balaclavas and hawaiian shirts pulled over bulletproof vests horned warriors with painted faces and fur headdresses draped over their naked torsos the storming of the capitol brought together men who had previously come across one another only online in the manosphere these were men with a common

interest followers of a male supremacist ideology who rioted in order to fight for their privilege before then the world had looked on as devastating attacks were carried out by incels those who seek to gain unfettered access to women's bodies by redrawing the hierarchy of the sexes in order to ensure the subjugation of women for all of these men masculinity is a political project and the events at the capitol were one episode in a growing movement from the us and canada to new zealand from poland to brazil right wing extremists religious fundamentalists and male supremacists are coming together in order to translate their reactionary dreams of male domination into politics underscoring the masculine roots of the authoritarian backlash also available as an audiobook

elena murzello cannot imagine going to the grocery store without a list as she strolls through the aisles she relies on her list to make sure she gets her must haves and to help keep her from grabbing items she does not need it was with this theory in mind that at age twenty one she created a list of characteristics for a potential lifelong mate that still guides her love choices to this day in the love list elena shares her real life experiences as well as information gathered from more than a hundred single divorced and married men and women about the qualities they look for in a life partner abstracting details from her interviews she created a process that anyone can use to create his or her own lists along with introspective questions to ponder elena includes sample lists of characteristics the top three traits both men and women seek in a partner an exploration of different types of relationships and ways to diversify a portfolio of suitors the love list provides practical tips and personal stories to encourage single people to look deep within take risks and learn to rely on their own unique lists while searching for the perfect mate

modern poetry at least according to the current consensus is difficult and often depressing but as humor in modern american poetry shows modern poetry is full of humorous moments from comic verse published in popular magazines to the absurd juxtapositions of the cantos the essays in this collection show that humor is as essential to the serious work of william carlos williams as it is to the light verse of phyllis mcginley for the writers in this volume the point of humor is not to provide comic relief a brief counterpoint to the poem's more serious themes humor is central to the poem's projects these poets use humor to claim their own poetic authority to re define literary tradition to show what audience they are writing for to make political attacks and perhaps most surprisingly to promote sympathy among their readers the essays in this book include single author studies discussions of literary circles and theories of form taken together they help to begin a new conversation about modernist poetry one that treats its lighthearted moments not as decorative but as substantive humor defines groups and marks social boundaries but it also leads us to transgress those boundaries it forges ties between the writer and the reader blurs the line between public and private and becomes a spur to self

awareness

the foremost authority on innovation and growth presents a path breaking book every company needs to transform innovation from a game of chance to one in which they develop products and services customers not only want to buy but are willing to pay premium prices for how do companies know how to grow how can they create products that they are sure customers want to buy can innovation be more than a game of hit and miss harvard business school professor clayton christensen has the answer a generation ago christensen revolutionized business with his groundbreaking theory of disruptive innovation now he goes further offering powerful new insights after years of research christensen has come to one critical conclusion our long held maxim that understanding the customer is the crux of innovation is wrong customers don't buy products or services they hire them to do a job understanding customers does not drive innovation success he argues understanding customer jobs does the jobs to be done approach can be seen in some of the world's most respected companies and fast growing startups including amazon intuit uber airbnb and chobani yogurt to name just a few but this book is not about celebrating these successes it's about predicting new ones christensen contends that by understanding what causes customers to hire a product or service any business can improve its innovation track record creating products that customers not only want to hire but that they'll pay premium prices to bring into their lives jobs theory offers new hope for growth to companies frustrated by their hit and miss efforts this book carefully lays down christensen's provocative framework providing a comprehensive explanation of the theory and why it is predictive how to use it in the real world and most importantly how not to squander the insights it provides
