lost gardens of the world is an illustrated romantic look at the great gardens of history that are now lost

employing contemporary literary theory eight members of the chicago school of arabic and persian literature reorient the critical approach to classical middle eastern literature the authors analyze a broad spectrum of poetry ranging from the

pre islamic ode of the sixth century to seventeenth century persian safavid moghul
verse among issues considered are the ritual and sacrificial aspects of literature
the transition from orality to literacy the iconographical and mythic dimensions of
philology and imitation as a form of creation the inclusion of contemporary
translations of all the poems discussed is an important feature for students of
middle eastern literature and comparative poetics

gardens are one of the most important elements in the cultural history of scotland
like any art form they provide an insight into social political and economic fashions
they intimately reflect the personalities and ideals of the individuals who created
them and they capture the changing fortunes of successive generations of
monarchs and noblemen yet they remain fragile features of the landscape easily
changed abandoned or destroyed leaving little or no trace in scotland s lost
gardens author marilyn brown rediscovers the fascinating stories of the nation s
vanished historic gardens drawing on varied rare and newly available archive
material including the cartography of timothy pont a spy map of holyrood drawn
for henry viii during the rough wooing medieval charters renaissance poetry the
accounts of the lord high treasurer and modern aerial photography a remarkable
picture emerges of centuries of lost landscapes starting with the monastic
gardens of st columba on the isle of iona in the sixth century and encompassing
the pleasure parks of james iv and james v the royal and noble refuges of mary
queen of scots and the king s knot the garden masterpiece which lies below stirling
castle the history of lost gardens is inextricably linked to the wider history of the
nation from the spread of christianity to the reformation and the union of the
crowns the product of over 30 years of research scotland s lost gardens
demonstrates how our cultural heritage sits within a wider european movement of
shared artistic values and literary influences providing a unique perspective on this
common past it is also a fascinating guide to scotland s disappeared landscapes
and sanctuaries lost gardens laid out many hundreds of years ago for the
honourable delight of body and soul
