perceptions of the great war have changed significantly since its outbreak and children's authors have continually attempted to engage with those changes explaining and interpreting the events of 1914-18 for young readers. British children's literature and the first world war examines the role novels, textbooks and story papers have played in shaping and reflecting understandings of the conflict throughout the 20th century. David Budge focuses on representations of the conflict since its onset in 1914, ending with the centenary commemorations of 2014. From the works of Percy F. Westerman and Angela Brazil to more recent tales by Michael Morpurgo and Pat Mills, Budge traces developments of understanding and raises important questions about the presentation of history to the young. He considers such issues as the motivations of children's authors and whether modern children's books about the past are necessarily more accurate than those written by their forebears. Why, for example, do modern writers tend to ignore the global aspects of the first world war? Did detailed narratives of battles written during the war really convey the truth of the conflict? Most importantly, he considers whether works aimed at children can ever achieve anything more than a partial and skewed response to such complex and tumultuous events.

Covering works as diverse as a historical survey of the alphabet book and an analysis of the young adult novels of Judy Blume, this annotated bibliography draws together significant articles, books and dissertations of children's literature criticism compiled from a wide variety of popular and scholarly sources. Children's literature provides a thorough and easy-to-use resource to this burgeoning field of study. Children's literature categorizes and assesses the critical response to fiction, drama, poetry and some nonfiction written for children between the ages of one and sixteen. The children's literature covered ranges in format and style from the picture book to the young adult novel. The emphasis is on twentieth-century children's literature, although classics from earlier centuries have been included. Book jacket
