differences in translation between so called literal bible versions make it quite appropriate to re evaluate what is meant by the label literal what do different literal bible translations have in common how do they differ how do we account for possible different concepts of literalness how is the concept of literalness applied to the making of a bible translation to answer these questions the author compares three literal bible translations the king james version the new american standard bible and the english standard version for each of these versions the historical

background and the writings of the translators themselves are analysed the book concludes with a comparison of the three translations in their renderings of selected examples from the gospel of john

scholars agree daniel s prophecies detail history up to 164 b c then opinions split but why not continue following the trail of history what if we could prove his prophecies are already fulfilled this verse by verse pursuit takes us a little outside popular explanations and turns up some surprising answers discover how the little horn of the dragon has been in plain sight of history all along why one prophecy is divided into weeks who is the real prince to come and who is the true covenant maker that the 2300 evenings and mornings are not mere days on a calendar how the 1290 and 1335 day prophecy bring us to an oft neglected turning point in jewish history determined to let scripture speak for itself kent stevens attempts to support every verse with well known details from history even if you end in disagreeing with the author s compelling arguments we hope you will conclude with him that daniel is truly a unique touchstone that challenges and tests the way we view prophecy

in recent history men from a variety of backgrounds have come to the same conclusion that the bible is about israel only for example in 1861 john mason neale translated an ancient twelfth century latin hymn and its title was o come o come emmanuel ever since 1861 christians have sung that hymn at christmas time especially at advent do you know what the words really mean that you are singing in 1878 edward hine wrote an article titled seven eighths of the bible misunderstood wherein he explains that seven eighths of the bible is about national salvation i e the national salvation of true israel whereas only one eighth of the bible is about personal salvation did you know that in the 1960 s pastor sheldon emry wrote an article titled an open letter to any minister who teaches the jews are israel wherein he is of the opinion that the israel that exists today since 1948 is not the true israel of the bible in 1998 arnold e kennedy wrote a book titled the exclusiveness of israel wherein he legally proves using the king james version of the bible that the bible in general is only about true israel so here we are in the twenty first century and the gospel that is preached today is totally convoluted from that which was preached in the first century a d by yahshuah and his disciples i e the gospel of the kingdom so where did the so called churches and pastors go wrong by the way is there really a hierarchy in the

bible in order to find out what the truth really is we have to look at the original languages in which the bible was written and then translated for example the old testament was written in hebrew and aramaic then translated into greek the new testament was written in hebrew and greek both testaments were put together and translated into latin then german and finally into english from which the entire world received their own translation of the bible so what was the original meaning of the words used in the original languages i e the etymology of the words once that is determined then we can go onto the next phase and discuss types in the bible from there what is the law of first mention how should bible prophecy be interpreted who are the keys to bible prophecy where are we in the bible prophecy timeline during these discussions we will find out who yahweh chose of all the families of the earth to make his own the churches teach universalism the question then becomes who was yahweh s law given to what are the laws of yahweh and then the even bigger question becomes who was yahshuah sent to all of these questions and more will be answered as you read this book
