concise review of the diverse field of sociological theory includes contributions from a wide range of noted classical and contemporary theorists incorporates engaging empirical examples from contemporary society demonstrates the relevance and significance of the ideas presented in the theorists writings designed for undergraduate and graduate students in sociology and in social and political theory concise reader in sociological theory is an engaging and accessible guide to the most relevant sociological theorists

this book constitutes the refereed proceedings of the third international conference on audio and video based biometric person authentication avbpa 2001 held in halmstad sweden in june 2001 the 51 revised papers presented together with three invited papers were carefully reviewed and selected for inclusion in the book the papers are organized in topical sections on face as biometrics face image processing speech as biometrics and speech processing fingerprints as biometrics gait as biometrics and hand signature and iris as biometrics

bgifts a study in comparative law is the first broad based study of the law governing the giving and revocation of gifts ever attempted by observing the social and customary norms of gift giving within internal and external legal parameters professor richard hyland observes with both legal and civil clarity the ways in which different civil and common law jurisdictions confront common issues

originally published in 1963 this classic book is a rethinking of the history of western political philosophy charles n r mccoy contrasts classical medieval principles against the hypotheses at the root of modern liberalism and modern conservatism in part i the classical christian tradition from plato to aquinas the author lays the foundation for a philosophical structure capable of

producing constitutional liberty part ii the modern theory of politics from machiavelli to marx attempts to show beginning with machiavelli the reversal and destruction of the pre modern structure postulated in part i mccoy stresses the great contributions of aristotle to political thought found in his more familiar ethics and politics but also includes key insights drawn from metaphysics and physics these contributions are developed and perfected mccoy argues by augustine and aquinas two other important features include mccoy s epistemological insights into plato s work that will be new to many readers and the author s juxtaposition of traditional natural law with the modernized theory of natural law the modern account of autonomous natural law in mccoy s view helps explain the totalitarian direction of key aspects of modern political thought this classic volume on the origins of modern philosophical thought remains a standard in the field

an exposition and critique of the views of marx and marxists in which marx s views are compared with other views and are explored in terms of theories causes and the transcendence of alienation self alienation and self realization and economic religious philosophic scientific social and political alienation
