the remarkable longhouses of borneo remain mysterious this book describes life within them and puts them in their historical and ethnographic context

ordeal of the longhouse the peoples of the iroquois league in the era of european colonization

for two centuries travellers were amazed at the massive buildings found along the rivers that flow from the mountainous interior of borneo they concentrated hundreds of people under one roof in the middle of empty rainforests there was no practical necessity for this arrangement and it

remains a mystery in this book peter metcalf provides an answer by showing the historical context using both oral histories and colonial records the key factor was a pre modern trading system that funneled rare and exotic jungle products to china via the ancient coastal city of brunei meanwhile the elite manufactured goods traded upriver shaped the political and religious institutions of longhouse society however the apparent permanence of longhouses was an illusion in historical terms longhouse communities were both mobile and labile and the patterns of ethnicity they created more closely resemble the contemporary world than any stereotype of tribal societies

an anthology of contemporary iroquois writing

the great tree and the longhouse is a 122 page soft bound collection of native american history about the iroquois culture in pre columbian times the book is designed to present narrative reports about historical events for junior and senior high school students included are the description of the native iroquois lands and a report of the creation myth of the iroquois the book also presents descriptions of iroquois delineations of forest and cleared land concepts of time roles for men and women and governing confederacy system included is information about the iroquois interactions with european settlers and cultural changes up to the present sepia drawings and maps illustrate the material a teacher s guide of background information and recommended questions is also included

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy
