tchina paper 91 6 from the economics division of the research school of pacific studies anu this paper examines economic reform on productivity growth in chinese industry it assesses the impact of the special trade reform policies through case studies of xiamen and shanghai

an assessment of the impact of the post mao market orientated reforms in china on the chinese state and its relations with economy and society it investigates the political and social consequences of an economic strategy which aims to introduce markets into a centrally planned socialist economy

a decade after the implementation of the initial wave of economic reforms in india the process of transforming the country into a fully developed market economy continues a hallmark of the globalised economy is its ability to sustain competitive efficiency which in turn can lead to enhanced growth this important new book gauges how far india has been successful in achieving this goal by implementing the correct economic reform measures there is a severe lack of solid analytical evidence or rigorous scientific studies on the success of india s economic reforms the expert authors attempt to redress this imbalance with a thorough analysis of key aspects of the state of the indian economy since 1991 keeping poverty reduction as the major objective they comprehensively discuss and identify further reform measures which are vital in the monetary fiscal and agriculture sectors in order to maintain and improve the momentum of growth when compared with east asian countries including china india s lacklustre growth performance indicates that the task of reform is far from over the authors argue that india needs to pursue its reform process much more vigorously at both the central and state levels in order to achieve its full growth potential providing a comprehensive assessment of the impact of economic reforms in india this book will appeal to policymakers researchers and students with an interest in developing economies political scientists as well as economists in the fields of liberalisation and international development will also find this an engaging and enlightening volume

this volume focuses on the important issues raised by the recent economic reforms of the centrally planned economies of china south east asia eastern europe and the soviet union participation in the international trade regime and how this may be affected by the economic reforms implications of the reforms for economic relations with developing countries and development assistance performance participation in international monetary and financial regimes and how this may be affected by economic reform and the impact of economic reform on regional integration schemes are all analysed in depth

the authors professors of economics at the u of queensland australia offer a comparative analysis of the developmental experiences of china and india applying quantitative analysis to investigation of economic social political and environmental aspects of the countries development from the 1950s forward after comparing the initial conditi

the emergence of new democracies in eastern europe has raised anew the question of the relationship between economic reform and political liberalization this work brings together a group of authorities to examine this question as it relates to latin america europe asia and africa

reforms are a necessary part of social and economic regulation each year political pressure for economic reform becomes more prevalent especially from various international organizations and business associations economic reforms for global competitiveness is an essential reference source for the latest scholarly research on important factors of modern countries social and economic dynamics featuring coverage on a broad range of topics such as human capital project management and fiscal reforms this book is ideally designed for academicians researchers and students seeking the latest material on the role and impact of economic reforms
