napoleon the french emperor invaded czarist russia in the franco russian war of 1812 the war ended in defeat for the french with the russians referring to this as the patriotic war emerged victorious napoleon was in the process of liberating jews from their enforced living in european ghettos intending to emancipate and integrate them into modern french society emancipation of the jews was a key byword and many jews hailed napoleon as their benefactor and savior to achieve fullest integration napoleon created a modern version of the jewish supreme court the great sanhedrin to answer questions regarding jewish belief laws and their ability as well as intention to integrate into modern society the head of the sanhedrin was rabbi david sinzheim chief rabbi of strasbourg france however opposed to french emancipation of the jewish community was the first chassidic leader the rebbe of chabad rabbi shneur zalman of liadi he was so opposed to french emancipation efforts that he directed a member of his community a man with multi lingual talents to offer his services as a translator of documents in reality however he acted as a spy and passed french military plans to the russians we are aware of this clandestine effort by way of a letter rabbi shneur zalman wrote to the spy explaining his rationale for acting this way

the rabbi felt that emancipation would reduce jewish reliance on religious devotion and prayer while emancipation would provide material benefit with a consequent loss of piety and religious adherence the letter from the rabbi adds a dimension of thinking why he was so opposed to napoleonic success at the time this was taking place jews were subjects of the czarist empire mandated to live in the pale of settlement a region rife with anti semitism pogroms penury and poverty but such living conditions the rabbi felt was preferable to emancipation hence this strange policy was applied even to jews who were not chassidic not members of this sect or community after the second world war chabad changed dramatically no longer could the policy of their first rebbe be imposed on jews because of the massive anti semitism exhibited by the nazis and their many willing allies who assisted them in murdering jews the notion of living under christian or muslim domination was no longer viable the last chabad rebbe instead introduced a messianic message praying for and encouraging others to work towards the arrival of the messiah this book describes jewish suffering both in the period when rabbi shneur zalman was alive as well as in the long term particularly in the last millennia when jews faced great persecutions and no less than 48 separate expulsions this volume questions the logic of jewish suffering as a necessary prerequisite for jewish belief and practice to be viable this policy offers the pertinent study of the period when the question of jewish suffering was deemed key to judaism but while enormous anti semitism was present yet after the second world war an entirely new reality was introduced for jewish survival

this book offers a new introduction to early rabbinic literature exploring the distinctive nature of these foundational works of jewish thought it offers readers not an intimate understanding of how midrash and mishnah function and essential tools for engaging with these texts in depth the early rabbinic period produced two major literary formations mishnah and midrash which have since remained central pillars of jewish textual tradition the systematic study of scripture through midrash and the thematic study of halakha through mishnah in many ways all subsequent rabbinic literature emerged from the framework established by these two genres the mishnah for the first time in jewish intellectual history presented a comprehensive legal system independent of the bible encompassing a remarkably broad spectrum of legal topics from ritual law to civil disputes capital legislation marital status and beyond woven into a coherent and autonomous legal corpus midrash is the first comprehensive running commentary of the pentateuch marked by its interpretive freedom and creative playfulness through a systematic analysis and hundreds of examples this book serves as a hands on companion to the mishnah and midrash in action offering readers a deeper appreciation of their structure methodology and enduring impact

this volume in the bible and women series is devoted to rabbinic literature from late jewish antiquity to the early middle ages fifteen contributions feature different approaches to the question of biblical women and gender and encompass a wide variety of rabbinic corpora including the mishnah tosefta halakhic and aggadic midrashim talmud and late midrash some essays analyze biblical law and gender relations as they are reflected in the rabbinic sages argumentation while others examine either the rabbinic portrayal of a certain woman or a group of women or the role of biblical women in a specific rabbinic

context contributors include judith r baskin yuval blankovsky alexander a dubrau cecilia haendler tal ilan gail labovitz moshe lavee lorena miralles maciá ronit nikolsky susanne plietzsch natalie c polzer olga i ruiz morell devora steinmetz christiane hannah tzuberi and dvora weisberg

in *jews gentiles and other animals* mira beth wasserman undertakes a close reading of *avoda zara* arguably the talmud's most scandalous tractate to uncover the hidden architecture of this classic work of jewish religious thought she proposes a new way of reading the talmud that brings it into conversation with the humanities including animal studies the new materialisms and other areas of critical theory that have been reshaping the understanding of what it is to be a human being even as it comments on the the rabbinic laws that govern relations between jews and non jews *avoda zara* is also an attempt to reflect on what all people share in common and on how humans fit into a larger universe of animals and things as is typical of the talmud in general it proceeds by incorporating a vast and confusing array of apparently digressive materials but wasserman demonstrates that there is a whole greater than the sum of the parts a sustained effort to explore human identity and difference in centuries past *avoda zara* has been a flashpoint in jewish christian relations it was partly due to its content that the talmud was subject to burning and censorship by christian authorities wasserman develops a twenty first century reading of the tractate that aims to reposition it as part of a broader quest to understand what connects human beings to each other and to the world around them

verbin engages with the logical features of the experience of divine abuse and the religious difficulties to which it gives rise

an overview providing guidelines for study and reading of the talmud

mekhilta de rabbi ishmael is a classic collection of midrash it contains commentary on a large part of the book of exodus chapters 12 to 23 and represents the two main modes of interpretation the halakhah legal doctrine and the aggadah moral and religious teachings the work also contains allusions to historical events and ancient legends not found elsewhere a new introduction by noted scholar david stern highlights the work now published in a convenient two volume set it retains the original text from the jps 1933 edition reset in a modern readable typeface with hebrew and english on facing pages and the original indexes this classic work is widely recognized as a model of meticulous and thorough scholarship its translation is accurate straightforward and usable by scholars students and lay readers out of print for many years it will be heralded as an important reissue that should belong to every rabbi rabbinical school and jewish studies professor and will be an important addition to synagogue libraries and public libraries with judaica collections

the study of midrash the biblical exegesis parables and anecdotes of the rabbis has enjoyed a renaissance in recent years most recent scholarship however has focused on the aggadic or narrative midrash while halakhic or legal midrash the exegesis of biblical law has received relatively little attention in scripture as logos azzan yadin addresses this long standing need examining early tannaitic 70-200 c.e. legal midrash focusing on the interpretive tradition associated with the figure of rabbi ishmael this is a sophisticated study of midrashic hermeneutics growing out of the observation that the rabbi ishmael midrashim

contain a dual personification of scripture which is referred to as both torah and ha katurv it is yadin s significant contribution to note that the two terms are not in fact synonymous but rather serve as metonymies for sinai on the one hand and on the other the rabbinic house of study the bet midrash yadin develops this insight ultimately presenting the complex but highly coherent interpretive ideology that underlies these rabbinic texts an ideology that contrary to the dominant view today seeks to minimize the role of the rabbinic reader by presenting scripture as actively self interpretive moving beyond textual analysis yadin then locates the rabbi ishmael hermeneutic within the religious landscape of second temple and post temple literature the result is a series of surprising connections between these rabbinic texts and wisdom literature the dead sea scrolls and the church fathers all of which lead to a radical rethinking of the origins of rabbinic midrash and indeed of the rabbis as a whole

the ultimate parsha parables anthology breishis is a wonderful collection of homiletic thoughts on the book of genesis each with a great parable or anecdote with an uncanny ability to elucidate deep and often complex concepts with clear and poignant everyday examples humorous tales and historical anecdotes rabbi kamenetzky has now collected indexed and organized more than fifteen years of parsha parables on the torah and holidays one volume for each of the five books of the pentateuch and an additional volume on the jewish holidays and special occasions with more than 400 pages on genesis alone it is a great resource for public speakers and laymen for every occasion
