the reluctant land describes the evolving pattern of settlement and the changing relationships of people and land in canada from the end of the fifteenth century to the confederation years of the late 1860s and early 1870s it shows how a deeply indigenous land was reconstituted in european terms and at the same time how european ways were recalibrated in this non european space it also shows how an archipelago of scattered settlement emerged out of an encounter with a parsimonious territory and

suggests how deeply this encounter differed from an american relationship with abundance the book begins with a description of land and life in northern north america in 1500 and ends by considering the relationship between the pattern of early canada and the country as we know it today intended to illuminate the background of modern canada the reluctant land is an intelligent discussion of people and place that will be welcomed by scholars and lay readers alike

perceptions of the united states as a nation of immigrants are so commonplace that its history as a nation of emigrants is forgotten however once the united states came into existence its citizens immediately asserted rights to emigrate for political allegiances elsewhere quitting the nation recovers this unfamiliar story by braiding the histories of citizenship and the north american borderlands to explain the evolution of emigrant rights between 1750 and 1870 eric r schlereth traces the legal and political origins of emigrant rights in contests to decide who possessed them and who did not at the same time it follows the thousands of people that exercised emigration right citizenship by leaving the united states for settlements elsewhere in north america ultimately schlereth shows that national allegiance was often no more powerful than the freedom to cast it aside the advent of emigrant rights had lasting implications for it suggested that people are free to move throughout the world and to decide for themselves the nation they belong to this claim remains urgent in the twenty first century as limitations on personal mobility persist inside the united states and at its borders

canada in the frame explores a photographic collection held at the british library that offers a unique view of late nineteenth century and early twentieth century canada the collection which contains in excess of 4 500 images taken between 1895 and 1923 covers a dynamic period in canada s national history and provides a variety of views of its landscapes developing urban areas and peoples colonial copyright law was the driver by which these photographs were acquired unmediated by curators but rather by the eye of the photographer who created the image they showcase a grass roots view of canada during its early history as a confederation canada in the frame describes this little known collection and includes over 100 images from it the author asks key questions about what it shows contemporary viewers of canada and its photographic history and about the peculiar view these photographs offer of a former part of the british empire in a post colonial age viewed from the old heart of empire case studies are included on subjects such as urban centres railroads and migration which analyse the complex ways in which photographers approached their subjects in the context of the relationship between

canada the british empire and photography

this outstanding text provides students with the essential foundation in the historical geography of the united states distinguished scholar richard I nostrand skillfully synthesizes decades of historical geography research in an engaging and thought provoking overview his regional geography framework emphasizes the three themes central to cultural geography cultural ecology cultural diffusion and cultural landscape to explain the formation and change of culture regions in the united states he shows convincingly that regions are a valuable pedagogical device for developing students understanding of place and context

social consequences of land reforms as observed in four villages of begusarai district bihar
