theatre lobby the rimers of eldritch by lanford wilson directed by louis w scheeder

the plot revolves around the sexual assault of a teenage girl and an unrelated murder trial in the town of eldritch exploring a community s reaction to rape lies and murder

mr wilson handles the collage technique so beautifully that we leave convinced no other method would have served half so well this reviewer liked rimers for its fluidity for its language for its almost musical sense of pattern the new york times the mystery is who he is who murdered him and what were the circumstances and to solve it wilson looks at the outsides and insides of his tiny middle western town he looks at a middle aging woman who falls in love with the young man who comes to work in her café he looks at a coarse nasty woman mistreating her senile mother who is obsessed with visions of eldritch being evil and headed for blood spilling he looks at a tender relationship between a young man a dreamy crippled girl but wilson sees far more than this he is grasping the very fabric of bible belt america with its

catchword morality virgin god fearing and its capability for the vicious he senses the rhythm of its life and the cruelty it can impose he understands the speech patterns of its loveless gossips its sex hungry boys its compassionless preachers its car conscious blondes in the end his portrait of eldritch is full length and the truth of its revelations will be pondered long after the stage lights have dimmed and the play has ended

above all wilson wants to tell the truth for him reality is almost but not quite enough by creating his drama out of his own rich life experiences he finds little need to exaggerate eugene ionesco once observed that one discovers more than one invents and that invention is really discovery or rediscovery
