this volume is a monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources which is now being revised and updated as a resource for the expanding community of researchers on the subject of terrorism

containing essays by an array of top international scholars this new book provides a comprehensive analytical critique of the current state of research in the

terrorism and counterterrorism studies field what it has substantively achieved over the years and where it should be heading in the future offering an overall examination of research achievements and gaps in scholarly efforts towards understanding terrorism as a complex behavioural and social phenomenon it also assesses various research approaches into counterterrorism studies clearly identifying a pathway for prioritized future research agendas in the field this future research agenda is further enhanced by the provision of an appendix containing 444 identified research topics developed by the united nations terrorism prevention branch mapping terrorism research builds a cohesive interdisciplinary and high quality research agenda in terrorism and counterterrorism for future generations of academic students scholars as well as practitioners and will appeal to students of terrorism studies political science and international relations

this major new handbook synthesises more than two decades of scholarly research and provides a comprehensive overview of the field of terrorism studies the content of the handbook is based on the responses to a questionnaire by nearly 100 experts from more than 20 countries as well as the specific expertise and experience of the volume editor and the various contributors together they guide the reader through the voluminous literature on terrorism and propose a new consensus definition of terrorism based on an extensive review of existing conceptualisations the work also features a large collection of typologies and surveys a wide range of theories of terrorism additional chapters survey terrorist databases and provide a guide to available resources on terrorism in libraries and on the internet it also includes the most comprehensive world directory of extremist terrorist and other organizations associated with guerrilla warfare political violence protest and organized and cyber crime the routledge handbook of terrorism research will be an essential work of reference for students and researchers of terrorism and political violence security studies criminology political science and international relations and of great interest to policymakers and professionals in the field of counter terrorism

this publication is part of the constructions of terrorism research project being carried out through a partnership between trends research advisory abu dhabi uae and the orfalea center for global and international studies university of california santa barbara

this major new handbook synthesises more than two decades of scholarly research and provides a comprehensive overview of the field of terrorism studies the content of the handbook is based on the responses to a questionnaire by nearly 100 experts from more than 20 countries as well as the specific expertise and experience of the volume editor and the various contributors together they guide the reader through the voluminous literature on terrorism and propose a new consensus definition of terrorism based on an extensive review of existing conceptualisations the work also features a large collection of typologies and surveys a wide range of theories of terrorism additional chapters survey terrorist databases and provide a guide to available resources on terrorism in libraries and on the internet it also includes the most comprehensive world directory of extremist terrorist and other organizations associated with guerrilla warfare political violence protest and organized and cyber crime the routledge handbook of terrorism research will be an essential work of reference for students and researchers of terrorism and political violence security studies criminology political science and international relations and of great interest to policymakers and professionals in the field of counter terrorism

this book is an introduction to critical approaches to terrorism studies while there is a growing body of critical terrorism studies cts literature devoted to empirical examples and conceptual development very little has been written about how to systematically carry out this kind of research critical terrorism studies fills this gap by addressing three key themes the position of terrorism studies and critical terrorism studies in the discipline of international relations ir theoretical and methodological elaborations of critical approaches to the study of terrorism empirical illustrations of those approaches drawing upon a range of engaging material the volume reviews a series of non variable based methodological approaches it then goes on to provide empirical examples that illustrate how these approaches have been and can be utilized by students teachers and postgraduate researchers alike to critically and rigorously study terrorism this textbook will be of much interest to students of terrorism studies sociology critical security studies and ir in general

asking vital questions concerning the future directions of terrorism research this topical research agenda dives into the current state emerging methodologies and key trends of this emotive and controversial field

first published in 1991 this book includes several contributions to the new look in terrorism research including a history of terrorism that reaches back two thousand years an examination of the life cycle of terrorist groups that have come and gone since world war ii and a new theory of the stages by which political protest becomes political violence and terrorism

this collection of scholarly essays explores the role of history in terrorism studies and today s counterterrorism initiatives in doomed to repeat scholars policy makers and other practitioners explore how a better understanding of the past can help us combat terrorism in the future the first section establishes a broader context for discussion by examining the connections between history and terrorism studies the second section presents the insights of non historians who know the importance of historical perspective in understanding current events section three provides case studies that explore the history of terrorism and politically motivated violence section four concludes by placing concerns about terrorism in regional and foreign policy context this collection helps us advance our understanding of terrorism beyond simplistic and dichotomist assertions about them and us taken together these essays highlight the importance of analyzing rather than assuming chris dixon professor school of history philosophy religion and classics the university of queensland australia

this new handbook is a comprehensive collection of cutting edge essays that investigate the contribution of critical terrorism studies to our understanding of contemporary terrorism and counterterrorism terrorism remains one of the most important security and political issues of our time after 9 11 critical terrorism studies cts emerged as an alternative approach to the mainstream study of terrorism and counterterrorism one which combined innovative methods with a searching critique of the abuses of the war on terror this volume explores the unique contribution of cts to our understanding of contemporary non state violence and the state s response to it it draws together contributions from key thinkers in the field who explore critical questions around the nature and study of terrorism the causes of terrorism state terrorism responses to terrorism the war on terror and emerging issues in terrorism research covering a wide range of topics including key debates in the field and emerging issues the routledge handbook of critical terrorism studies will set a benchmark for future research on terrorism

and the response to it this handbook will be of great interest to students of terrorism studies political violence critical security studies and ir in general

in response to the growth of a critical perspective on contemporary issues of terrorism this edited volume brings together a number of leading scholars to debate the new subfield of critical terrorism studies in the years since the 9 11 attacks terrorism studies has undergone a major transformation from minor subfield of security studies into a large stand alone field and is probably one of the fastest expanding areas of research in the western academic world however much of the literature is beset by a number of problems limiting its potential for producing rigorous empirical findings and genuine theoretical advancement in response to these weaknesses in the broader field a small but increasing number of scholars have begun to articulate a critical perspective on contemporary issues of terrorism this volume brings together a number of leading scholars to debate the need for and the shape of this exciting new subfield the first part of the volume examines some of the main shortcomings and limitations of orthodox terrorism studies while the second examines exactly what a critical terrorism studies would look like contributors from a variety of methodological and disciplinary perspectives give this volume diversity and it will lay the foundations for and provoke debate about the future research agenda of this new field this book will be of much interest to students of critical security studies terrorism studies and ir theory in general richard jackson is reader in the department of international politics aberystwyth university where he is also senior researcher at the centre for the study of radicalisation and contemporary political violence csrv he is the founding editor of the journal critical studies on terrorism marie breen smyth is director of the centre for the study of radicalisation and contemporary political violence csrv at aberystwyth university she is a reader in international politics and co editor of the journal critical studies on terrorism jeroen gunning is lecturer in international politics at aberystwyth university deputy director of the centre for the study of radicalisation and contemporary political violence and co editor of the journal critical studies on terrorism

this book shows how to use a range of critical approaches to conduct research on terrorism featuring the work of researchers who have already utilized these methods to study terrorism it includes a diverse range of critical methodological approaches including discourse analysis feminist postcolonial ethnographic critical theory and visual analysis of terrorism the main objectives of the book are to assist researchers in adopting and applying various critical approaches to the study of terrorism this goal is achieved by bringing together a number of different scholars working on the topic of terrorism from a range of non variables based approaches their individual chapters discuss explicitly the research methods used and methodological commitments made by the authors while also illustrating the application of their particular critical perspective to the topic of terrorism the authors of each chapter will discuss 1 why they chose their specific critical method 2 how they justified their methodological stance 3 how they conduct their research 4 and finally an example of the research this book will be essential reading for students of terrorism studies and critical terrorism studies and highly recommended for students of political violence security studies and ir

the study of terrorism represents one of the major turning points in criminology of the twenty first century in the space of just two decades research on terrorism and political extremism went from a relatively uncommon niche to a widely recognized criminological specialization terrorism research now appears in nearly all mainstream criminology journals college courses on terrorism and political violence have been added to the curricula of most criminology departments and a growing number of criminology students are choosing terrorism as a suitable topic for class papers research topics theses and dissertations the purpose of this

book is to explore similarities and differences between terrorism and more ordinary forms of crime this element considers the ways that criminology has contributed to the study of terrorism and the impact the increasing interest in terrorism has had on criminology this element also provides empirical comparisons of terrorist attacks to more ordinary crimes and criminal offenders this title is also available as open access on cambridge core

contemporary debates on terrorism is an innovative textbook addressing a number of key issues in terrorism studies from both traditional and critical perspectives this second edition has been revised and updated to cover contemporary issues such as the rise of isil and cyberterrorism in recent years the terrorism studies field has grown in quantity and quality with a growing number of scholars rooted in various professional disciplines beginning to debate the complex dynamics underlying this category of violence within the broader field there are a number of identifiable controversies and questions which divide scholarly opinion and generate opposing arguments these relate to theoretical issues such as the definition of terrorism and state terrorism substantive issues like the threat posed by al qaeda isil and the utility of different responses to terrorism different pathways leading people to engage in terrorist tactics and ethical issues such as the use of drones this new edition brings together in one place many of the field s leading scholars to debate the key issues relating to a set of 16 important controversies and questions the format of the volume involves a leading scholar taking a particular position on the controversy followed by an opposing or alternative viewpoint written by another scholar in addition to the pedagogic value of allowing students to read opposing arguments in one place the volume will also be important for providing an overview of the state of the field and its key lines of debate this book will be essential reading for students of terrorism studies and political violence critical terrorism studies security studies and ir in general

this new textbook provides students with a multidisciplinary theoretical and methodological introduction to terrorism studies the book identifies the main theories proposed in the field of terrorism studies as they relate to several issues why and how individuals and organizations get involved in terrorism the definition and concept of terrorism state terrorism leaving terrorism behind counter terrorism manifestations of terrorism in time and space terrorism studies is a highly heterogeneous field with a broad range of theories and disciplines marked by ample debates beyond individual contributions and unique perspectives however it is difficult for students and interested readers to have a broader and structured grasp of the theoretical landscape within and behind the study of terrorism this textbook offers a valuable new teaching tool which aims to provide students with the conceptual theoretical and methodological toolbox necessary to understand and research terrorism this book will be essential reading for students of terrorism studies political violence and counter terrorism and is highly recommended for students of security studies criminology politics and international relations
