rachel elior demonstrates convincingly how the jewish mystical tradition crystallized in its early stages she attributes its origins to priests prevented by circumstances from serving in the temple replacing the earthly temple liturgically and ritually with a heavenly merkavah and heavenly sanctuaries known as heikhalot they created a mystical world in which ministering angels replaced temple priests thereby giving judaism a new spiritual focus

gerald massey was one of the first egyptologists in modern times to realize that with the final eclipse of the incredibly old land of kam a k a ancient egypt a light had been extinguished in world civilization he was a man of protean interests and concerns at once a poet socialist shakespearean scholar mythographer and egyptologist part of his genius was the ability to look truth in the face and not flinch massey did in the cultural domain what modern paleontologists have done in the anthropological pinpoint africa as the crucible of humanity's story in the first volume of ancient egypt massey was primarily concerned with elaborating how the first humans emerged in africa created thought what had been evident to him from the outset was that the myths rituals and religions of ancient egypt or old kam had preserved virtually intact a record of the psychomythic evolution of humanity in the second volume massey examines the celestial phenomenon known as the precession of the equinoxes he believed only by understanding this phenomenon was it possible to fathom nile valley history he provides the reader

with extensive detail on the interconnection of the two the last half of the second volume is devoted to the kamite sources of christianity massey demonstrated the manner in which new testament christianity evolved directly out of the osirian mysteries massey pioneered the effort the connect old kamite thought to its origin in africa s antiquity his conclusions which are constantly being verified showed that kamite thought was the direct progenitor to the philosophy metaphysics religion and science that eventually shaped western civilization from back cover

this is part 2 of the gerald masseys work about the comparisons between the judeo christian religion and the egyptian religion no one ever understood the mythology and ritual of ancient egypt so well as gerald massey since the time of the ancient philosophers of egypt this book is one of the best of its kind and a must have for every student of egyptian mythology and history

this catechism is divided into three parts the first part treats of faith the second of morals the third of the means of grace in the first part our lord appears in his character of teacher in the second in his character of king and in the third in his character of high priest and since this catechism proposes as its primary object to answer the question for what purpose are we here upon earth thereby emphasizing and giving prominence to man s high calling and destiny it is especially suited to the present day when the pursuit of material interests self indulgence and pleasure engrosses the attention of so many this catechism is in fact nothing more nor less than an abstract of our lord s teaching and may be called a guide book for the christian on the road to heaven preface
