at the beginning of the twentieth century england s empire spanned the globe its economy was strong and its political system seemed immune to the ills that inflicted so many other countries after a resounding electoral triumph in 1906 the liberals formed the government of the most powerful nation on earth yet within a few years the house of lords lost its absolute veto over legislation the home rule crisis brought ireland to the brink of civil war and led to an army mutiny the campaign for woman s suffrage created widespread civil disorder and discredited the legal and penal systems and an unprecedented wave of strikes swept the land this is a classic account first published in 1935 of the dramatic upheaval and political change that overwhelmed england in the period 1910 1914 few books of history retain their relevance and vitality after more than sixty years the strange death of liberal england is one of the most important books of the english past a prime example that history can be abiding literature as a portrait of england enmeshed in the turbulence of new movements which often led to violence against the pieties of liberal england until it was overwhelmed by the greatest violence of

all world war i this extraordinary book has continued to exert a powerful influence on the way historians have observed early twentieth century england

this book focuses on the chaos that overtook england on the eve of the first world war dangerfield weaves together the three wild strands of the irish rebellion the rebellion in ulster the suffragette movement and the labour movement to produce a vital picture of the state of mind and the most pressing social problems in england at the time the country was preparing even then for its entrance into the twentieth century and total war dangerfield argues that between the death of edward vii and the first world war there was a considerable hiatus in english history he states that 1910 was a landmark year in english history in 1910 the english spirit flared up so that by the end of 1913 liberal england was reduced to ashes from these ashes a new england emerged in which the true prewar liberalism was supported by free trade a majority in parliament the ten commandments but the illusion of progress vanished that extravagant behavior of the postwar decade dangerfield notes had begun before the war the war hastened everything in politics in economics in behavior but it started nothing george dangerfield s wonderfully written 1935 book has been extraordinarily influential scarcely any important analyst of modern britain has failed to cite it and to make use of the understanding dangerfield provides this edition is timely since the year 2010 has seen a definitive resurrection of liberal power subsequent to the general election of july 2010 the government of the united kingdom has been in the hands of a conservative liberal democrat coalition the deputy prime minister is the leader of the liberal democratic party the direct successor of the old liberal party examined by dangerfield five liberal democrat members of parliament were appointed to the cabinet and there are liberal democrat ministers in all governmental departments after decades of absence from government power liberalism seems to be back with a vengeance provided by publisher

chris cook lifts the lid on the third party charting their fascinating journey over the last century from the landslide victory of 1906 under asquith via their descent into divisions and decline in the interwar years to in depth analysis of the 2010 british election and their return to government in the conservative lib dem coalition

heinemann advanced history offers a differentiation strategy with books covering as and a2 exam preparation includes practice questions advice on what makes a good answer and help for students on interpreting questions and planning essays

this history of the british liberal party covers the period from 1900 to 1992 it ranges from the landslide liberal victory of 1906 and the halcyon era of edwardian liberalism to the diversions and decline of the inter war years and the advent of the liberal democrats in the 1980s

for more than thirty years kevin phillips insight into american politics and economics has helped to make history as well as record it his bestselling books including the emerging republican majority 1969 and the politics of rich and poor 1990 have influenced presidential campaigns and changed the way america sees itself widely acknowledging phillips as one of the nation s most perceptive thinkers reviewers have called him a latter day nostradamus and our modern thomas paine now in the first major book of its kind since the 1930s he turns his attention to the united states history of great wealth and power a sweeping cavalcade from the american revolution to what he calls the second

gilded age at the turn of the twenty first century the second gilded age has been staggering enough in its concentration of wealth to dwarf the original gilded age a hundred years earlier however the tech crash and then the horrible events of september 11 2001 pointed out that great riches are as vulnerable as they have ever been in wealth and democracy kevin phillips charts the ongoing american saga of great wealth how it has been accumulated its shifting sources and its ups and downs over more than two centuries he explores how the rich and politically powerful have frequently worked together to create or perpetuate privilege often at the expense of the national interest and usually at the expense of the middle and lower classes with intriguing chapters on history and bold analysis of present day america phillips illuminates the dangerous politics that go with excessive concentration of wealth profiling wealthy americans from astor to carnegie and rockefeller to contemporary wealth holders phillips provides fascinating details about the peculiarly american ways of becoming and staying a multimillionaire he exposes the subtle corruption spawned by a money culture and financial power evident in economic philosophy tax favoritism and selective bailouts in the name of free enterprise economic stimulus and national security finally wealth and democracy turns to the history of britain and other leading world economic powers to examine the symptoms that signaled their declines speculative finance mounting international debt record wealth income polarization and disgruntled politics signs that we recognize in america at the start of the twenty first century in a time of national crisis phillips worries that the growing parallels suggest the tide may already be turning for us all

in this trenchant challenge to social engineering paul gottfried analyzes a patricide the slaying of nineteenth century liberalism by the managerial state many people of course realize that liberalism no longer connotes distributed powers and bourgeois moral standards the need to protect civil society from an encroaching state or the virtues of vigorous self government many also know that today s liberals have far different goals from those of their predecessors aiming as they do largely to combat prejudice to provide social services and welfare benefits and to defend expressive and lifestyle freedoms paul gottfried does more than analyze these historical facts however he builds on them to show why it matters that the managerial state has replaced traditional liberalism the new regimes of social engineers he maintains are elitists and their rule is consensual only in the sense that it is unopposed by any widespread organized opposition throughout the western world increasingly uprooted populations unthinkingly accept centralized controls in exchange for a variety of entitlements in their frightening passivity gottfried locates the quandary for traditionalist and populist adversaries of the welfare state how can opponents of administrative elites show the public that those who provide however ineptly for their material needs are the enemies of democratic self rule and of independent decision making in family life if we do not wake up gottfried warns the political debate may soon be over despite sporadic and ideologically confused populist rumblings in both europe and the united states

the fullest account yet of the british home front in the first world war and how war changed britain forever

the new edition of this best selling text includes a new section on the final years of the labour government after blair s resignation and a new chapter on the subsequent

coalition and conservative governments it is the ideal companion for students taking a first level course in modern british history as well as for undergraduates in history
