volume 3 managing the ecosystem focuses on those ecosystems in which human intervention has been or continues to be predominant specifically within cities and rural areas

arguably among the worst of all medical afflictions the dementias slowly destroy one's personality take a tremendous emotional physical and financial toll on patients and families and are irreversible and inexorably fatal winter's end dementia and its life shortening options is constructed around a lengthy and detailed nonfiction account that is layered with the voices of approximately 100 palliative medicine practitioners legal scholars bioethicists social workers nurses neurologists psychiatrists and other authorities from north america and europe this book explores how and when one might prepare to foreshorten life after being diagnosed with a dementing illness while not ignoring the reality that for most people such actions are unthinkable and unacceptable dan winter was one of the exceptions and after being diagnosed with early onset alzheimer's disease he resolved to hasten his death he struggled over what method to employ and the timing of when to act winter's end is intended to catalyze conversations between clinicians people affected by dementias and the general public it is a spellbinding and provocative book about a taboo subject that is increasingly germane to all aging societies that value patient autonomy

the essential habitat by habitat guide to conservation management for practitioners of ecology and land management

this book presents an evidence based discussion of two critical areas that are gaining importance in the business world and personal development alike namely coaching and being a coach does coaching work if so then for whom does it add value and what is it really all about today just about everybody in personal services seems to have become a coach is it just another modern expression or a buzzword for something that other disciplines were already providing this book seeks to arrive at clear answers to these questions providing a thought provoking and insightful narrative that is likely to leave behind a lasting impact on the industry and its potential clients

a profound and stirring call to action in our troubled world from one of america's great religious leaders conscience may be

understood as the hidden inner compass that guides our lives and must be searched for and recovered repeatedly at no time more than our own is this need to retrieve the shards of broken conscience more urgent from the introduction this clarion call to rethink our moral and political behavior examines the idea of conscience and the role conscience plays in our relationships to government law ethics religion human nature and god and to each other from abraham to abu ghraib from the dissenting prophets to darfur rabbi harold schulweis probes history the bible and the works of contemporary thinkers for ideas about both critical disobedience and uncritical obedience he illuminates the potential for evil and the potential for good that rests within us as individuals and as a society by questioning religion s capacity and will to break from mindless conformity rabbi schulweis challenges us to counter our current suppressive culture of obedience with the culture of moral compassion and to fulfill religion s obligation to make room for and carry out courageous moral dissent
