summary of the tipping point how little things can make a big difference a comprehensive summary part 1 tipping an idea the first chapter of the book starts by explaining the author's idea about how many companies function today as we may or may not know many companies are trying to sell as many of their products as possible that is why they are trying to tip those products those companies want to spread the word about their products and they want to spread it to as many people as possible but this is not an easy task the reason for that is that for something to tip there needs to be the right conditions for that to happen if the conditions are not favorable tipping will never occur here the author compares tipping a message to the spreading of a virus it is actually more or less the same a virus will never be able to spread out of a controlled environment unless there is an opportunity for it from all this Gladwell comes up with three of his laws these laws describe the conditions necessary for tipping to occur and without them a virus will always stay inside these laws are the law of the few the stickiness factor the power of context without these three laws information will never be able to spread out to the intended group of people to be continued here is a preview of what you will get a full book summary an analysis fun quizzes quiz answers etc get a copy of this summary and learn about the book

the tipping point a complete summary the tipping point also known by its full name the tipping point how little things can make a big difference is another excellent work by Malcolm Gladwell he is already known for his five non-fiction novels and is also a regular contributor to the New York Times one of the most significant things about Gladwell is that he is a man of detail this is visible through all of his work the author is also famous for collecting stories and compiling them into one whole searching for the moments where the stories will intersect so that he can explain how so many things are connected in this book Gladwell compares the idea of a virus with what he actually intends to talk about information and how both of these reach a point where they tip i am certain that after reading this book many readers will have far better insight into how information roams throughout the world after reading this book we will surely have more knowledge about what one piece of information can do to society when it is released in just the right way which is exactly what the author intended for us to learn the tipping point is not just a book filled with anecdotes mixed together with knowledge from sociology psychology and

journalism it is in addition like many of gladwell s other books an inspiration an inspiration for learning and trying something new and in this case try something that we may have thought was not really that important here is a preview of what you will get a summarized version of the book you will find the book analyzed to further strengthen your knowledge fun multiple choice quizzes along with answers to help you learn about the book get a copy and learn everything about the tipping point
