this collection of articles demonstrates that the study of behaviors bodies and subjective identities which contest common eurocentric notions of gender has a history stretching back at least to the early 20th century transgender studies is the latest area of academic inquiry to grow out of the exciting nexus of queer theory feminist studies and the history of sexuality because trans people challenge our most fundamental assumptions about the relationship between bodies desire and identity the field is both fascinating and contentious this text includes fifty articles with introductions by the editors that taken together document the evolution of transgender studies in the english speaking world by bringing together the

voices and experience of transgender individuals doctors psychologists and academically based theorists this volume explores the transgender community transgender studies and related queer theory

first published in 2006 routledge is an imprint of taylor francis an informa company

the transgender studies reader remix assembles 50 previously published articles to orient students and scholars alike to current directions in the fast evolving interdisciplinary field of transgender studies the volume is organized into ten thematic sections on trans studies engagements with feminist theory queer theory black studies science studies indigeneity and coloniality history biopolitics cultural production the posthumanities and intersectional approaches to embodied difference it includes a selection of highly cited works from the two volume the transgender studies reader more recently published essays and some older articles in intersecting fields that are in conversation with where transgender studies is today editors susan stryker and dylan mccarthy blackston provide a foreword an introduction and a short abstract of each article that taken together document key texts and interdisciplinary connections foundational to the evolution of transgender studies over the past 30 years a handy overview for scholars activists and all those new to the field this volume is also ideally suited for use as a textbook in undergraduate or graduate courses in gender studies

over the past twenty years transgender studies has emerged as a dynamic field of interdisciplinary scholarship first collected in routledge s own the transgender studies reader in 2006 the field has moved on rapidly expanding in many directions the transgender studies reader 2 gathers these disparate strands of scholarship and collects them into a format that makes sense for teaching and research complimenting the first volume rather than competing with it the second volume introduces another 50 articles with explanatory head notes for each essay and bibliographic suggestions for further reading buy the two volumes together at a discount in this bundle and enjoy both the historic and modern takes on this rapidly growing vibrant field

this volume consists of fifty articles with a general introduction by the editors explanatory head notes for each essay and bibliographical suggestions for further research while the first

volume was historically based tracing the lineage of the field of transgender studies this volume focuses on recent work and emerging trends

out in public addresses and engages us in the new and exciting directions in the emerging field of lesbian gay anthropology the authors offer a deep conversation about the meaning of sexuality subjectivity and culture affirms the importance of recognizing gay and lesbian social issues within the arena of public anthropology explores critical concerns of gay activism in a variety of global settings from the u s the european union singapore nigeria india nicaragua and guadalajara offers a unique focus on the politics of being gay and lesbian in cross cultural perspective deals with broad ranging issues that affect human sexuality and human rights globally winner of the 2009 ruth benedict prize in the category of best anthology

in this special issue of radical history review scholars and activists examine the rise of homonormativity a lesbian and gay politics that embraces neoliberal values under the guise of queer sexual liberation contributors look at the historical forces through which lesbian and gay rights organizations and community advocates align with social conservatives and endorse family oriented formations associated with domestic partnership adoption military service and gender normative social roles distinguished by its historical approach queer futures examines homonormativity as a phenomenon that emerged in the united states after world war ii and gained traction in the 1960s and 1970s one essay compares anita bryant s antigay campaigns in the late 1970s with those of current same sex marriage proponents to show how both focus on the abstract figure of the endangered child another essay explores how the gay and lesbian alliance against defamation s organizational amnesia has shaped its often conservative agenda other essays include a marxist reading of the transsexual body an examination of reactionary politics at the core of the movement to repeal the u s military s don t ask don t tell policy and a history of how safe streets patrols in the 1970s and 1980s became opportunities for urban gentrification and community exploitation contributors anna m agathangelou daniel bassichis aaron belkin nan alamilla boyd maxime cervulle vincent doyle roderick a ferguson christina hanhardt dan irving regina kunzel patrick mcreery kevin p murphy tavia nyong o jason ruiz david serlin tamara l spira susan stryker margot d weiss

the most widely used anthology of feminist writings and the first to incorporate issues of sexual identity and sexual diversity feminist frontiers has stood the test of time with both classic and contemporary readings on cutting edge topics that cut across disciplinary and generational lines this text presents the full diversity of women s lives exploring commonalities as well as interconnected differences feminist frontiers offers analyses of the causes and consequences of gender inequality in interaction with class race ethnicity sexuality ability and nationality this anthology also introduces students to feminist theory and methodology this edition maintains consistent coverage of diverse ethnicities and a global perspective with greater attention to transgender issues and disability

mega events like the olympics the world cup of soccer the world series of baseball cycling s tour de france and the super bowl draw our attention to the deep cultural significance of sport and its role in fostering social bonds yet when it comes to sport there is no shortage of debate stereotypes regarding sexuality race gender and children have been hotly contested by critics for over 40 years even today sport is one of the very few socially accepted sites of violence intense competition and controlled forms of social disorder battleground sports presents the 100 most contentious public and private controversies of the sports world highlighted throughout are debates surrounding ethnicity gender sexuality and social identity sports fan behavior as well as the role of governments and corporations engaging and accessible to a wide variety of readers this fascinating reference illustrates how sports controversies reflect the historically enduring and changing nature of our broader cultures and the social battles we engage on a day to day basis surrounding the struggles for equality debates about social violence the ethics of competition the politics of civic life the creation of global communities and the state s role in protecting citizens entries contain an array of thoughtful perspectives on historic and current controversies and allow readers to formulate their own conclusions publisher

gender roles have been tested challenged and redefined everywhere during the past thirty years but perhaps nowhere more dramatically than in film screening genders is a lively and engaging introduction to the evolving representations of masculinity femininity and places once thought to be in between the book begins with a general introduction that traces the

movement of gender theory from the margins of film studies to its center the ten essays that follow address a range of topics including screen stars depictions of gay straight queer and transgender subjects and the relationship between gender and genre widely respected scholars including robert t eberwein lucy fischer chris holmlund e ann kaplan kathleen rowe karlyn david lugowski patricia mellencamp jerry mosher jacqueline reich and chris straayer focus on the radical ideological advances of contemporary cinema as well as on those groundbreaking films that have shaped our ideas about masculinity and femininity not only in movies but in american culture at large the first comprehensive overview of the history of gender theory in film this book is an ideal text for courses and will serve as a foundation for further discussion among students and scholars alike

an interdisciplinary project that uses literary analysis along with personal testimony and the applications of gender theory as a means for identifying and exploring lgbtq stories the book considers queer yearnings for stories other than those conventionally available that engage and resist norms in literature as well as culture and politics

whether in the home or in the public arenas of media work sports politics art or religion women often become embroiled as subjects in the political social and cultural debates in america people on all areas of the political landscape see women in diverse and conflicting ways as either too liberated or not liberated enough or whether and how gender and sexual roles are rooted in either biology or culture battleground women gender and sexuality helps readers navigate contemporary issues and debates pertaining to women s lives in the united states and globally this work examines how science and culture intertwine to influence how we think about our identities desires relationships and societal roles today battleground women gender and sexuality comprises lengthy in depth discussions of the most timely issues that are debated in today s culture such as birth control blcomparable worth bldisability and gender blglass ceiling blmigration blplastic surgery tatooing and piercing blsame sex marriage blsexual assault and sexual harrassment each essay provides a balanced overview of these hot button topics and a list of works for further reading after each entry serves as a stepping stone to more in depth material for students who are writing papers or researching reports

in omnigender winner of a lambda literary award mollenkott bridges traditional religious doctrine and secular postmodern theory related to gender through an examination of the hebrew and christian scriptures and church history and the exploration of other religions and cultures she honors the experiences of people who do not fit within the traditional binary concept of gender intersexual transsexual or otherwise transgendered individuals this revised and expanded edition includes a new section on the sexuality of jesus updated factual information and insights from more than 36 recent sources book jacket
