moving back through dewey heidegger nietzsche and rousseau the lineage of western music education finds its origins in plato and pythagoras yet theories not rooted in the ancient greek tradition are all but absent a way of music education provides a much needed intervention integrating ancient chinese thought into the canon of music education in a structured systematized and philosophical way the book's three central sources the yijing the book of changes confucianism and daoism inform author c victor fung's argument that the human being exists as an entity at the center of an organic world in which all things and events including music and music education are connected fung ultimately proposes a new educational philosophy based on three key ideas in chinese thought change balance and liberation a unique work a way of music education offers a universal approach engrained in a specific and ancient cultural tradition

focusing on christianity's core practices a leading theologian imagines christianity as a way of life oriented toward wisdom a seminary coop notable book of 2023 in this book kevin w hector argues that we can understand christianity as a set of practices designed to transform one's way of perceiving and being in the world hector examines practices that reorient us to god imitation corporate singing eating together friendship and likemindedness that transform our way of being in the world prayer wonder laughter lament and vocation and that reshape our way of being with others benevolence looking for the image of god in others forgiveness and activism taken together the aim of these practices is to transform one's way of perceiving and acting in the face of success and failure risk and loss guilt and shame love and loss of control these transformations can add up to a transformation of one's very self to make sense of christianity as a way of life in turn these practices must be understood within the context of christian beliefs about sin jesus redemption and eternal life understanding them thus requires a systematic theology which hector offers in this clear eyed ambitious and elegant interpretation of the christian tradition

philosophy as a way of life this unique collection of essays on the late pierre hadot's revolutionary methodological approach to studying and practicing philosophy explores hadot's primary conviction that philosophy itself goes beyond solving puzzles and

analyzing abstract arguments hadot believed that philosophy is a key part of humanity's search for happiness that it can transform our perception of the world and thus can alter our very mode of being his argument that the goal of philosophy is to shift our focus away from our habitual obsession with individuality and to embrace universality and objectivity has resonated with thinkers across the academy and outside it offering genuinely interdisciplinary analysis of hadot's work and philosophical practice this volume includes papers written from a gamut of philosophical historical and geographical perspectives articles address issues in the history of philosophy from pythagoras to descartes by way of islamic thought thus corresponding to hadot's view of the importance of philologically based analysis of ancient texts and historical contexts others study the presence of ideas related to or influenced by hadot in contemporary thought from wittgenstein to leonard nelson analytic philosophy and french postmodernism the result is a wide ranging publication pointing to an additional third way alongside the traditional approaches of continental and analytic philosophy one that expands our horizons with secular spiritual exercises designed to enable us to be in a fuller more authentic way
